5. Any handwriting that cannot easily be read may lead to loss of marks.
6. Do not fill anything in boxes indicated: **"For Examiners' Use Only:** and those inside the question paper

| SECTIONS  | MARKS |
|-----------|-------|
| SECTION A |       |
| SECTION B |       |
| TOTAL     |       |

## SECTION A

1. Give one reason why we wash our clothes.

---

2. Why do people keep animals?

---

3. Name the component of soil which is necessary for seed germination.

---

4. Why does a coin sink in water?

---

5. Apart from death, give one other effect of accidents to a person.

---

The diagram below is of a garden tool, use it to answer question 6.

6. What is the role of the above tool to a crop farmer?

---

7. Convert  $40^{\circ}\text{C}$  to  $^{\circ}\text{F}$ .

8. Mention one condition that must be present for a metal to rust.

---

9. Write down one example of a non – flowering plant.

---

10. Give the function of the heart in the body of a rabbit.

---

11. Name the childhood immunisable water borne disease that affects the skeletal system.

---

12. Name one of the systems that make up the flowering plant?

---

13. Why is measles vaccine immunized to babies at nine months of age?

---

14. By what process does paraffin move through the wick of a lantern?

---

15. Which type of gas is given off during photosynthesis?

---

16. State the function of ventilators on a living house.

---

17. How does yeast reproduce?

---

18. Mention one use of magnets to people.

---

19. Name the type of root system shown below.

---

20. Name any one instrument used when finding the volume of an irregular object.

---

21. What name is given to female sterile bees in a hive?

---

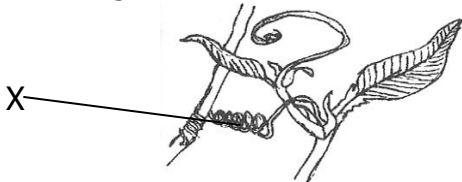

22. Why are animals called renewable energy resources?

---

23. What disease is one likely to get if he drinks unboiled milk?

---

24. The diagram below shows a climbing plant. Name part labeled X.

---

25. Why are gaps left between rails of a railway line?

---

26. Name one mineral salt which is necessary for the growth of strong healthy teeth.

---

27. What type of soil retains water for a long time?

---

28. How many stages of the lifecycle does a bee have?

---

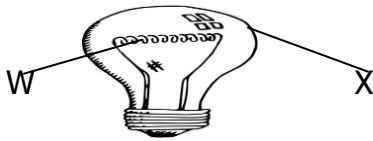

29. Name the fibre got from silk worms?

---

30. What is a vector?

---

The diagram below shows an electric bulb. Use it to answer questions 31 and 32.

31. Name part marked W.

---

32. Why is part X made of a transparent material?

---

33. Name the vector that spreads rabies.

---

34. Define dehydration.

---

35. What name is given to the first set of teeth to appear in a child?

---

36. Give any one example of fossil fuels.

---

37. In which state of matter does heat move fastest?

---

38. Why do earth worms come out of soil soon after it has rained?

---

39. Mention any one example of molluscs.

---

40. Name the units in which sound is measured.

---

## SECTION B

41.a) Define the term "air"

b) Give the component of air that helps plants in the following:

i) Making of starch: \_\_\_\_\_

ii) Respiration: \_\_\_\_\_

c) State one danger of wind to a farmer.

42. Match the following in A with those in B.

| A              | B                 |
|----------------|-------------------|
| a) Anaemia     | Lack of vitamin C |
| b) Kwashiorkor | Lack of iodine    |
| c) Goitre      | Lack of iron      |
| d) Scurvy      | Lack of proteins  |

a) Anaemia: \_\_\_\_\_

b) Kwashiorkor: \_\_\_\_\_

c) Goitre \_\_\_\_\_

d) Scurvy \_\_\_\_\_

43.a) Give any two examples of breeds of rabbits kept by people.

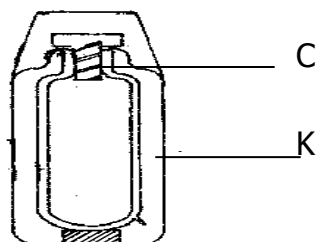

i) \_\_\_\_\_

ii) \_\_\_\_\_

b) What name is given to the house of rabbits?

c) Give one way how the farmer can maintain good health of his rabbits on the farm.

44. The diagram below shows a vacuum flask. Study it carefully and answer the questions that follow.

a) Name the parts marked C and K.

i) C \_\_\_\_\_ ii) K \_\_\_\_\_

b) How does part K prevent heat loss?

c) State the main purpose of thermos flasks in our home.

45.a) Mention two features that make a VIP latrine different from an ordinary pit latrine.

- i) \_\_\_\_\_
  - ii) \_\_\_\_\_
- b) Give a reason why a VIP latrine should have a lid.

c) Write ECOSAN in full as used in latrines.

46.a) Mention two examples of stem tubers.

- i) \_\_\_\_\_
- ii) \_\_\_\_\_

b) Give away each of the following crops are propagated.

- i) Onions: \_\_\_\_\_
- ii) Pineapple: \_\_\_\_\_

47.a) Why should drugs be kept out of the reach of children?

b) Give one example of essential drugs.

c) Allan's drug was in form of tablets was prescribed as 3 x 2. What does 3 stand for?

d) Why should essential drugs be prescribed?

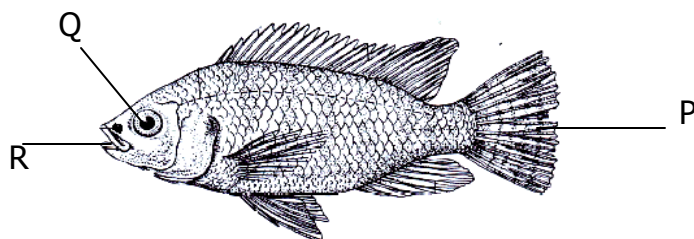

48.a) What is immunization?

b) Give two vaccines which are immunized to a child at birth.

- i) \_\_\_\_\_ ii) \_\_\_\_\_

c) Which vaccine is administered on the left upper arm?

49. The diagram below is of a fish. Use it to answer the questions that follow.

a) Name the parts marked P and Q.

- i) P \_\_\_\_\_
- ii) Q \_\_\_\_\_

b) Give the function of part R on the fish.

c) What is the main food value obtained from eating fish?

50.a) Mention two activities done to keep our bodies clean

- i) \_\_\_\_\_
- ii) \_\_\_\_\_

b) Identify one vector that lives in our bodies due to poor personal hygiene.

\_\_\_\_\_

c) Why should school children attend a health parade every morning?

\_\_\_\_\_

51.a) What is adolescence?

\_\_\_\_\_

b) Identify one primary sex characteristics in girls.

\_\_\_\_\_

c) Give two secondary sex characteristics that occur in both boys and girls.

i) \_\_\_\_\_

ii) \_\_\_\_\_

52.a) State the type of electricity generated from:

i) Fossil fuels: \_\_\_\_\_

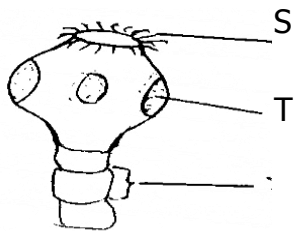

ii) The sun: \_\_\_\_\_

iii) Running water: \_\_\_\_\_

b) Why is the use of energy from the sun said to be friendly to the environment?

\_\_\_\_\_

53. The diagram below shows an example of a flat worm.

a) Name the structures marked S and T.

i) S \_\_\_\_\_

ii) T \_\_\_\_\_

b) What does the above worm feed on?

\_\_\_\_\_

c) How does it enter our bodies?

\_\_\_\_\_

54.a) Define the term dehydration.

---

---

b) Mention one sign of a dehydrated child.

---

c) Suggest one cause of dehydration.

---

d) How can a mother rehydrate her baby?

---

55.a) Mention one example of a materials used for mulching.

---

b) State any two importance of mulching in crop farming.

i) \_\_\_\_\_

ii) \_\_\_\_\_

c) How can mulching be disadvantageous to crops?

---
