

LOCATION OF OUR DISTRICT IN UGANDA

Location means position of a place

Ways of locating places

- Using a compass
- Using position of the sun/using shadows
- Using major landmarks like valleys, hills, mountains

Ways of locating places on a map

- Using grid reference (lines of longitudes and latitude)
- Using a compass direction
- Using major landmarks
- Using neighbouring places

Qn: What is a compass?

- ❖ A compass is an instrument used to directions of places

Qn: What is a compass direction?

- ❖ This is an element of a map used to show direction of places

Qn: What is grid reference?

- ❖ This is a method of locating places on a map using lines of longitude and latitudes

Lines of latitudes /latitudes

- ❖ These are imaginary lines drawn on a map running from East to West
- ❖ The general name given to all lines of latitudes is parallels

Qn: Name the major line of latitude marked 0°

- ❖ Equator

Note: Equator divides the world into two hemispheres;

- ❖ Northern hemisphere
- ❖ Southern hemisphere

Qn: What is a hemisphere?

- ❖ A hemisphere is a half of the world divided by the equator or prime meridian.

Qn: Name the lakes crossed by the equator in Uganda

- ❖ Lake Victoria
- ❖ Lake George

Qn: Name any four districts in Uganda crossed by the Equator

- i) Wakiso
- ii) Mpigi
- iii) Kasese
- iv) Ibanda
- V) Kalungu
- vi) Kiruhura
- vii) Kamwenge

Importance of latitudes

- ❖ They locate places
- ❖ They determine climate of an area

Qn: Name the major town in Uganda crossed by the Equator

- ❖ Entebbe

Activity 1

1. Name any one school symbol.

2. What is a homestead?

3. How can a P. 4 child keep his / her classroom clean?

4. In which type of family do we find uncles?

5. In which town council is your school found?

6. Give one way a school benefits from its neighbours.

7. What is the difference between a map and a picture?

8. Name the first two people to be created by God.

(i) _____ (ii) _____

9. Name the lakes crossed by the equator in Uganda.

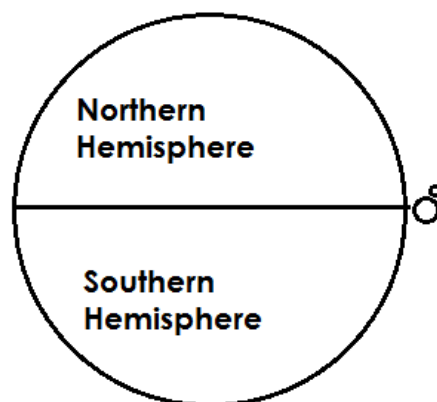

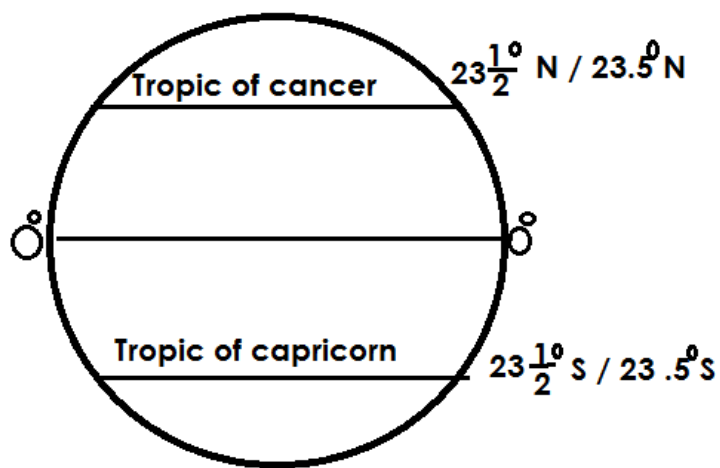

(i) _____

(ii) _____

10. In the space below, draw a map symbol of a dam.

Example of latitude

Lines of longitudes /longitudes

- ❖ These are imaginary lines drawn on a map running from North pole to south pole

Qn: What general name is given to all lines of longitudes

- ❖ Meridians

Qn: Name the major line of longitude marked 0°

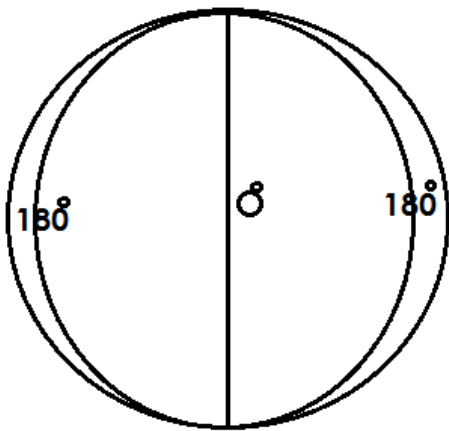

- ❖ Greenwich Meridian/Prime Meridian

Importance of longitudes

- ❖ They locate places on a map
- ❖ They determine time
- ❖ They determine dates

Examples of longitudes

- ❖ Prime meridian /Greenwich Meridian (0°)
- ❖ International dateline (180°)

A compass

- ❖ This is an instrument used to show directions of places

Examples of people who use a compass

- ❖ Pilote
- ❖ Mountain climbers
- ❖ Rally drivers

- ❖ Ship captains
- ❖ Tourists
- ❖ Sailors
- ❖ Scouts and girl guides

Qn: What are cardinal points?

Cardinal points are the four major points of a compass

Qn: List down the cardinal points

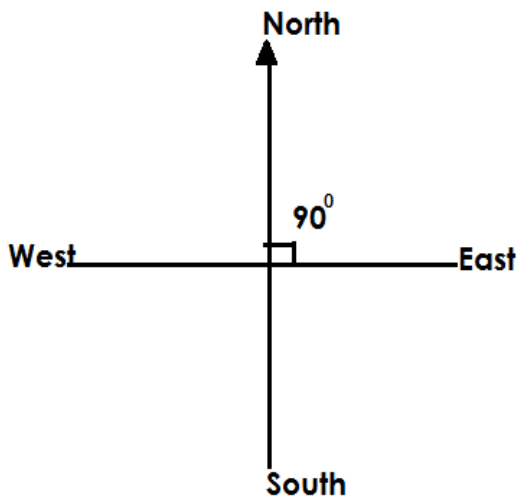

- i) North
- ii) South
- iii) East
- iv) West

N:b When the compass is at rest, its needle faces in the North

Qn: Why does the needle of a compass point North while at rest?

- ❖ There is a magnetic force in the North

Diagram of a compass

Note: The angle between two cardinal points is 90°

Activity 2

1. Name the national referral hospital in Uganda.

2. Give one way of keeping our school clean.

3. How is the tool below useful at school?

4. Mention one element of a good map.

5. Name the major line of longitude marked O°

6. Give one way a school prevents misunderstanding with its neighbour.

7. Mention one project a P. 4 child can carry out at home.

8. How are trees in our school compound useful?

9. Name the person who climbed the sycamore tree according to the Bible.

10. Draw a map symbol of a permanent lake in the space below.

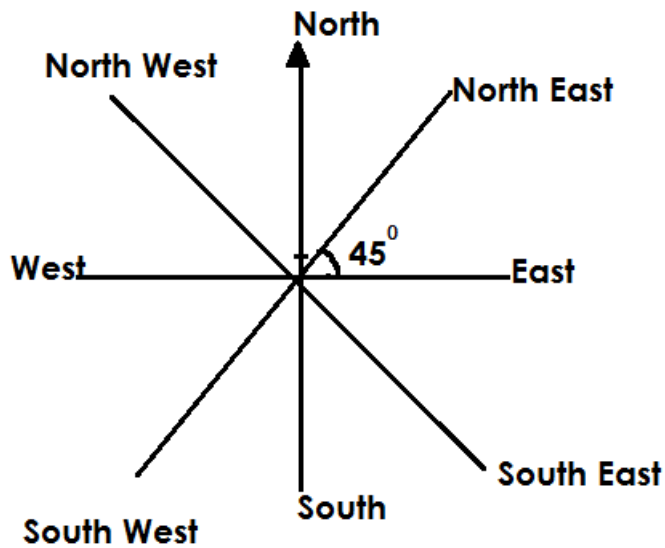

11. What general name is given to all lines of longitudes.

12. Give one example of people who use a compass

Semi cardinal points/secondary points

- ❖ These are points formed between cardinal points
- ❖ They are formed at 45°

Qn: Mention the opposite direction to south West

North East

Movement of a compass

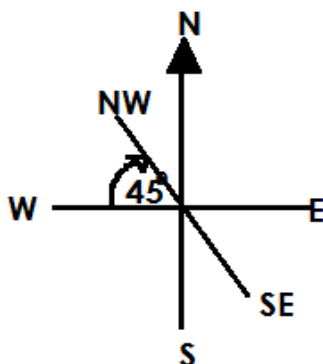

Clockwise movement

Anti clockwise movement

Qn: Moses was standing in the North. He moved 90° clockwise. What was his new direction?

Qn: Julie was standing in the west, she moved 450° anti-clockwise. What was her new direction North West

Solution

Qn: Why does the shadow of an object appear shortest noon?

The sun is directly above the object

Qn: Where does the sun appear to rise?

East

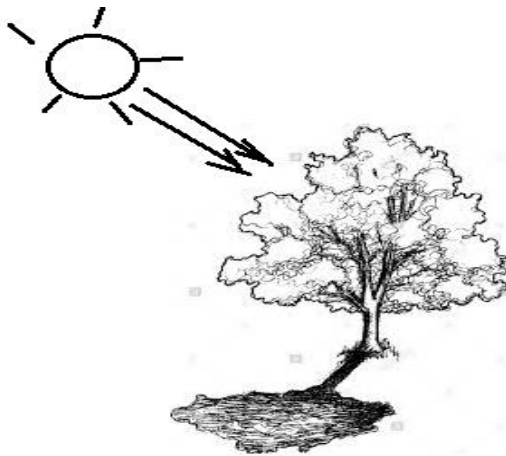

Qn: Why does the sun appear to rise from the East?

The Earth rotates towards the East

Qn: To which direction does the sun set

West

Qn: Draw the shadow of the object below

MAPS AND PICTURES

Qn: What is a map?

- ❖ A map is a drawing of an object as seen from above
 - Or
- ❖ A map is a representation of an object as seen from above

Qn: What is a picture?

- ❖ A picture is a drawing of an object as seen from side or
- ❖ A picture is representation of an object as seen from a side

Qn: Give the difference between a map and a picture

- ❖ A map is drawn as seen from above while a picture is drawn as seen from a side
- ❖ A picture is more detailed than a map

Qn: Give two similarities between a map and a picture

- ❖ Both represent real object
- ❖ Both are drawings

Activity 3

1. Why does the shadow of an object appear shortest noon?

2. Where does the sun appear to rise?

3. To which direction does the sun set

4. What is a map?

5. What is a picture?

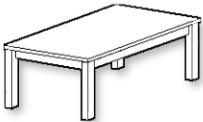

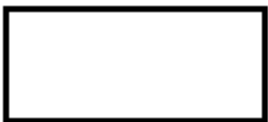

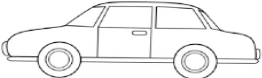

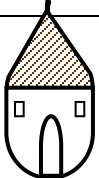

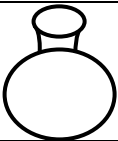

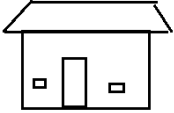

6. Give the difference between a map and a picture.

7. Moses was standing in the North. He moved 90 clockwise. What was his new direction?

8. Give two similarities between a map and a picture

9. How is a compass different from a compass direction?

10. What do we call an object as seen from above?

Object	Picture	Map
Tree		
Table		
Car		
Hut		
Pot		
Cup		
House		

Types of maps

- ❖ Political maps
- ❖ Physical maps
- ❖ Population maps
- ❖ Climate maps
- ❖ Vegetation maps
- ❖ Economic maps

Importance of maps

- ❖ They are used to locate place
- ❖ They store geographical information
- ❖ Accurate maps are used to calculate actual ground distance between places

Elements /components/qualifications/features of a good map

- i) Key
- ii) Compass direction
- iii) Title /heading
- iv) Scale
- v) Frame

Importance of elements of a map

A Compass direction

It is used to show direction of places on a map

Key

It explains /interprets map symbols on a map

It gives meaning of map symbols

Title/heading

It shows what a map is all about

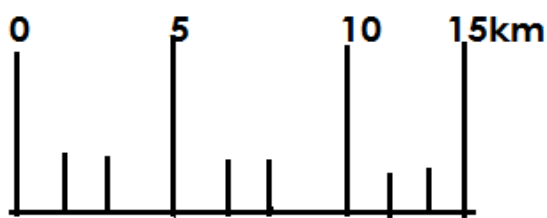

Scale

It is used to calculate the actual ground distance between places on

Types of scales

- a) Linear scale/scale bar
- b) Statement scale
- c) Fractional /representative /ratio scale

Illustration of a linear scale

Activity 4

1. What name is given to the main points on the compass?

2. Name any one semi cardinal compass point.

3. What is the name of your district?

4. Apart from your district, name any one other districts you know.

5. Mention any one division found in your district.

6. What title is given to the political head of a district?

7. What can one use to measure the actual distance on a map?

8. Apart from the sun, name any one thing one can use to show the direction.

9. What did God Create on the sixth day?

10. Give one reason why God created human beings?

Example of a statement scale

One centimeters represents one hundred kilometers

Examples of a representative/fractional /ratio scale

$$1 \text{ cm} = \left(\frac{1}{100} \right) \text{ km}$$

or

$$1 : 100 \text{ km}$$

Frame

- ❖ It encloses a map

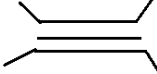

Map symbols

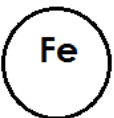

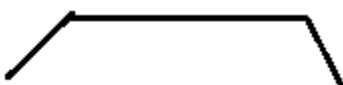

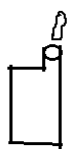

- ❖ These are signs and colours that represent real objects

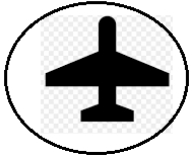

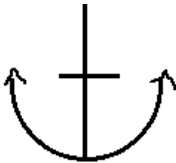

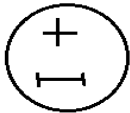

Qn: Why are symbols used on a map instead of real objects (importance of map symbols)

- ❖ To reduce overcrowding on a map
- ❖ To promote neatness on a map

Examples of common map symbols

Waterfalls	
Dam	
Railway line	
Swamp	
Quarry	
Bridge	
Mountain peak	
Mountain	
Hill	
Contours	
Seasonal river	

Permanent river	
Seasonal lake	
Permanent lake	
Fery	
Church	
Mosque	
Plateau	
Canal	
Factory	
Forest	
Rift valley	
Mine	

Airport	
Sea port	
Hospital	

Activity 5

1. In which district is our school found?

2. What is marriage?

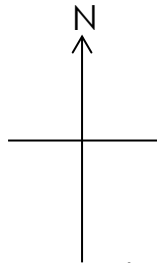

3. What term is given to a raised flat-topped piece of land?

4. Why do people greet each other?

5. Name the political head of a district.

6. Why do map readers need a compass rose?

7. Use letter P to show the direction where the sun is seen in the morning.

8. What term is given to people and their surroundings?

9. Name the sacrament that initiates people into God's family.

Colours used on a map

- ❖ Blue - waterbodies
- ❖ Brown/ purple – Highlands/ mountain
- ❖ Green - Vegetation
- ❖ Red – Boundaries
- ❖ Yellow - Scatters short grass, low lands, plateau

Location of our district

Qn: Mention the district in which your school is found

Qn: Mention regions that make up Uganda

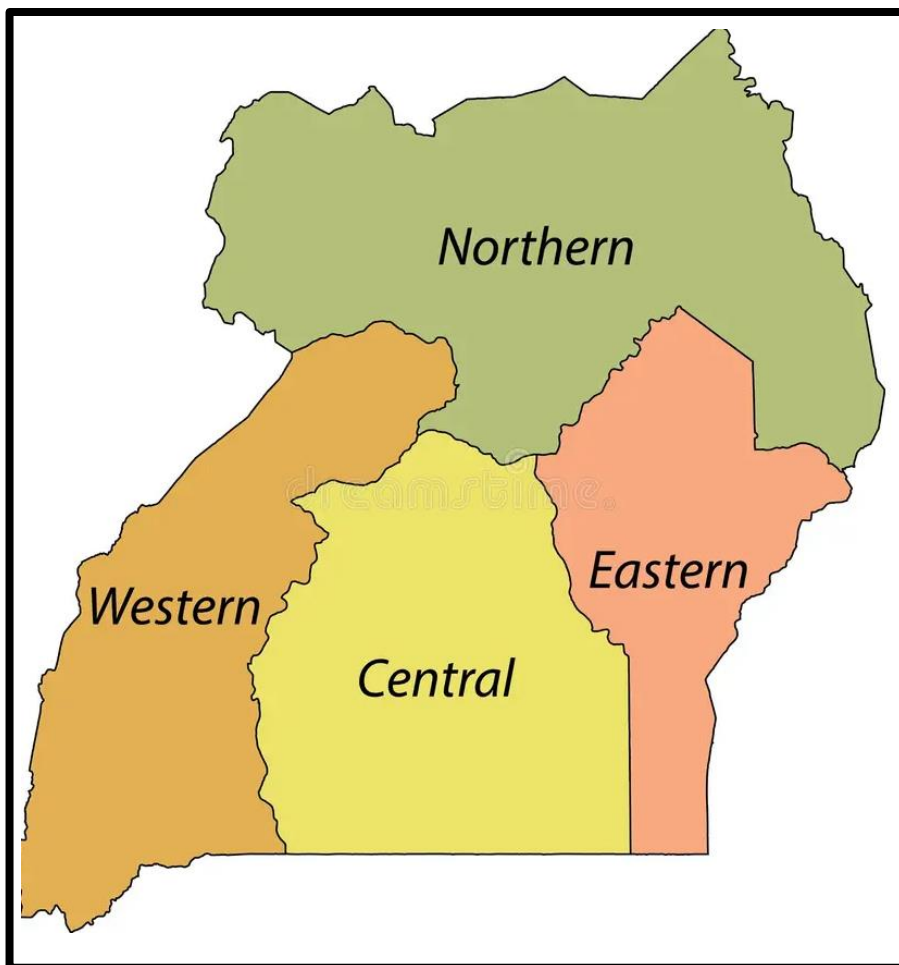

- ❖ Northern region
- ❖ Central Region
- ❖ Western Region
- ❖ Eastern Region

Districts found in different regions

Northern	Eastern	Western	Central
Gulu	Iganga	Masindi	Wakiso
Arua	Jinja	Mbarara	Kampala
Moyo	Tororo	Kasese	Mpigi
Yumbe	Soroti	Bushenyi	Mukono
Oyam	Mbale	Hoima	Luwero
Apac	Kamuli	Kabale	Masaka
Moroto	Apac	Kisoro	Kayunga
Abim	Namutumba	Kagadi	Kyotera
Kotido	Paliisa	Ntoroko	Kalangala
	Luuka		Buvuma

Qn: In which region is your school found?

A MAP OF UGNBDA SHOWING REGIONS

Reasons why government creates new district

- ❖ To extend services nearer to people
- ❖ To make administration easy
- ❖ To promote development
- ❖ To create employment opportunities or jobs for its people

Qn: What is an island?

- ❖ This is an area of land surrounded by a waterbody

Qn: Mention the two island districts you know in Uganda

- ❖ Kalangala
- ❖ Buvuma

Qn: Name the waterbody which surrounds Kalangala and Buvuma

- ❖ Lake Victoria

Activity 6

1(a) What is a map?

(b) How is a key useful to a map reader.

c) Apart from a key, name any other two elements of a map.

i) _____

ii) _____

2. Match the following correctly.

Water fall

lake

River

dam

(b) Give two similarities between a map and a picture.

(i) _____

(ii) _____

c) Draw a map of a tree below.

Economic activities done in Kalangala

- ❖ Toursim
- ❖ Fishing
- ❖ Lumbering
- ❖ Transport

Qn: Name the crop that has been introduced in Kalangala and Buvuma

- ❖ Oil Palm

Products of oil palm

- ❖ Cooking oil
- ❖ Palm wine
- ❖ Soap

Problems faced by people in Kalangala

- ❖ Poor road network/ poor transport system
- ❖ Lack of hydro electricity
- ❖ Poor medical facilities
- ❖ Poor sanitation
- ❖ Poor education services

Solutions to problems facing people in Kalangala

- ❖ Building more school, hospital
- ❖ Using solar energy
- ❖ Providing better means of water transport

DISTRICT

Qn: What is a district?

- ❖ This is an administrative area at the level of local council five

Qn: Who is the political head of a district?

- ❖ Chairperson L.CV

Our school is found in _____ district

Wakiso district

Counties that make up Wakiso District

- i) Busiro county
- ii) Kyadondo county

Town council in Wakiso District

Kajjansi town council

Nsangi town council

Kyengera town council

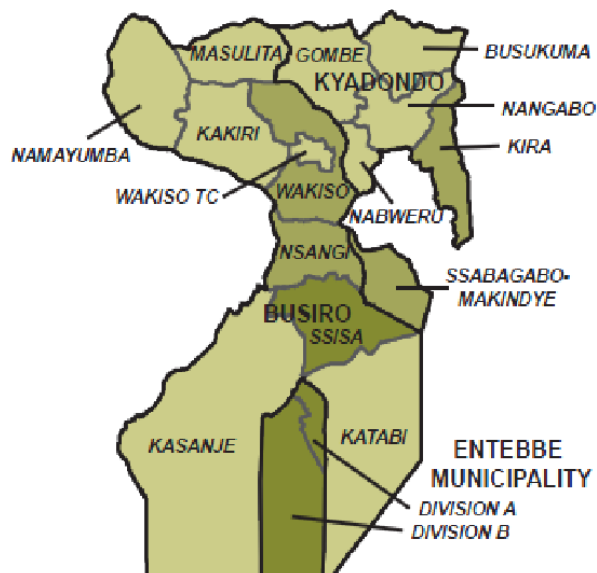

Katabi town council

Gombe town council

Municipalities in Wakiso

- i) Entebbe municipality
- ii) Kira municipality
- iii) Nansana municipality
- iv) Makindye Ssabagabo municipality

A MAP OF WAKISO DISTRICT SHOWING ITS NEIGHBOURS

Activity 7

1. What is transport?

2. Name any one source of water in our district.

3. In which way is a swamp useful to animals?

4. Name any one member of an extended family.

5. Mention the best season for planting crops.

6. How is a dog important in our home?

7. Draw a map symbol of a water fall.

8. Write one duty of the police.

9. Write one example of a religious leader.

10. Why do Christians go to church on Sunday?

Problems faced by districts

- ❖ Shortage of funds
- ❖ Poor social service centres
- ❖ Corruption
- ❖ Remoteness
- ❖ Poor leadership
- ❖ Poor transport

Neighbouring districts of Wakiso

- ❖ Mukono
- ❖ Kampala
- ❖ Mityana
- ❖ Luwero
- ❖ Nakaseke

Qn: Name the district which is almost surrounded by Wakiso

- ❖ Kampala

Important places in Wakiso

- Entebbe international airport
- Namugongo shrine
- Namboole stadium
- Schools
- Police stations
- State house Entebbe
- Hospitals
- Hotels
- Uganda wildlife Education Centres (UWEC)
- Banks

Qn: In which district in Entebbe International airport found
Wakiso

Qn: Give two importance of Entebbe international Airport

It provides jobs to people

It promotes tourism

It provides transport service

Qn: How is Namboole Stadium important?

It is where football matches are played

It provides jobs

It promotes tourism

Qn: How are hotels important in our district?

They provide accommodation services

They provided space for conference

They provide jobs to people

They help people to relax

Economic activities done in Wakiso

- i) Trade
- ii) Transport
- iii) Tourism
- iv) Fishing
- V) Fishing

Municipality

Qn: What is a municipality?

- ❖ This is an Urban centre in a district with its own local government

Qn: Who heads a municipality?

- ❖ Major

Qn: Who heads all civil servants in a municipality?

- ❖ Town clerk

Examples of municipalities in Uganda

- | | |
|------------------------|---------------------|
| ❖ Arua municipality | Kiira municipality |
| ❖ Iganga municipality | Masaka municipality |
| ❖ Lira municipality | |
| ❖ Kabale Municipality | |
| ❖ Soroti Municipality | |
| ❖ Masindi Municipality | |
| ❖ Entebbe Municipality | |
| ❖ Nansana municipality | |

Activity 8

1. How are hotels important in our district?

2. Name two important places in your district.

3. What is a municipality?

4. In which district in Entebbe International airport found?

5. Name one tribe in your district.

6. What is a clan?

7. Mention one tribe in Uganda that practices circumcision.

8. How is a swamp useful to a potter?

9. Give one similarity between a map and a picture.

10. Name the instrument used to show direction.

11. Why are symbols used on a map?

12. Name the social service provided by plumbers in your district.

13. What is a sin?

14. Which parable teaches us to forgive one another?

15. (a) What is gender?

Importance of municipalities

- ❖ They provide jobs
- ❖ They improve infrastructure like roads
- ❖ They provide ready market for goods
- ❖ They promote trade

Ways a district gets funds

- ❖ Through tourism
- ❖ Through collecting taxes
- ❖ Through donations
- ❖ Through grants
- ❖ Through loans
- ❖ Through court fines

Ways a district spends its funds

- ❖ Through constructing roads
- ❖ Promoting/maintaining sanitation
- ❖ Funding government aided schools
- ❖ Paying some works

KAMPALA DISTRICT

- ❖ Kampala got its name after animals called impala or Empala which lived there
- ❖ Kampala is the capital city of Uganda
- ❖ Kampala is the run way of K.C.C.A (Kampala Capital City Authority)
- ❖ K.C.C.A is headed by an appointed Executive director (ED)
- ❖ They're elected Political leader of Kampala city is given a title of lord Mayor
- ❖ The headquarters of KCCA are found at city hall in Kampala

Qn; Which ministry is responsible for Kampala city

- ❖ Ministry for Kampala

Qn: Name the current leaders of Kampala

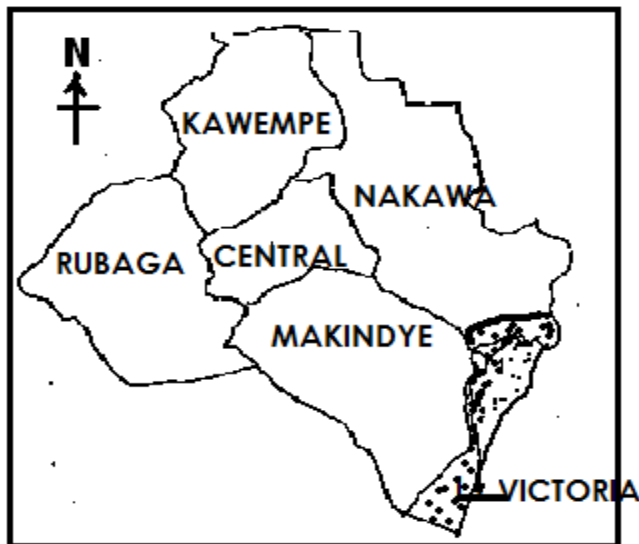

- Executive director –
- Lord Mayor - Elias Lukwago

Kampala is made up of five urban councils. They include

- ❖ Nakawa
- ❖ Kawempe
- ❖ Central

- ❖ Rubaga
- ❖ Makindye

A MAP OF KAMPALA URBAN COUNCILS

Reasons why Kampala is divided into urban council /divisions

- ❖ To make administration easy
- ❖ To extend social services nearer to people
- ❖ To create jobs for people
- ❖ To promote development

Duties of K.C.C, A

- ❖ To promote sanitation in the city
- ❖ To promote good road network in the city
- ❖ To collect taxes from business owners
- ❖ To upgrade the city to a modernized one
- ❖ To plan for the city

Importance of Kampala

- ❖ It provides market for goods
- ❖ It is a centre for trade
- ❖ It is a centre of administration
- ❖ It provides jobs for people

Economic activities done in Kampala city

- ❖ Trade

- ❖ Tourism
- ❖ Transport
- ❖ Fishing

Activity 8

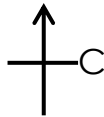

1. Give two ways a district spends its funds.

2. Give two ways a district gets funds.

3. Which ministry is responsible for Kampala city.

4. In which town council is our school located?

5. Name the point on the compass marked with letter C.

6. What means of transport is commonly used by people in our district?

7. Which direction is the main gate from the nursery block?

8. Name one tribe living in our district.

9. Mention any one physical feature found in our district.

10. What are social services?

11. Why are symbols used on a map?

12. Draw and name any one symbol in Christianity.

13. Give one reason why people pray to God.

Problems faced by people living in Kampala

- ❖ Poor sanitation
- ❖ High crime rate
- ❖ High cost of living
- ❖ Easy spread of diseases
- ❖ Development of slums
- ❖ Shortage of land
- ❖ Unemployment /lack of jobs

Important places in Kampala city

- ❖ Parliamentary building - taxi parks
- ❖ Uganda museum
- ❖ Makerere University
- ❖ Hospitals
- ❖ Courts of law
- ❖ Radio stations
- ❖ Televisions stations
- ❖ Bank of Uganda
- ❖ Cathedrals / places of worship
- ❖ Market centres
- ❖ Hotels

Major hills in Kampala and what is found there

	Hills	Important places
i)	Nakasero	State house, UBC tv Sheraton hotel, parliamentary building, Bank of Uganda Central police stations (CPS)
ii)	Muyenga	- Water tanks
iii)	Makerere	- Makerere University
iv)	Mulago	- Mulago referral hospital, Mulago nursing school
v)	Rubaga	- Rubaga Cathedral, Rubaga Hospital

- vi) Kitante - Uganda Museum
- viii) Kololo - Kololo Airstrip
- viii) Mengo
 - Kabaka's palace
 - CBS Radio station
 - Mengo hospital

Importance of important places in our district

Medical centres

These are places where people go for treatment when they are sick

They include:

- ❖ Hospitals
- ❖ Dispensaries
- ❖ Clinics
- ❖ Pharmacies
- ❖ Drug shops

Qn: Name the social service provided in a hospital

- ❖ Health service/medical service

Qn: Name the largest referral hospital in Uganda

- ❖ Mulago hospital

Groups of people who provided health services

- ❖ Doctors
- ❖ Nurses
- ❖ Midwives

Importance of midwife

- ❖ She helps a pregnant woman to give birth
- ❖ She provides antenatal and postnatal services
- ❖ She provides guidance counseling services to women girls

Activity 9

1. Mention one hill found in Kampala

2. On which hill do we find Bank of Uganda

3. Which social service is mainly provided on Makerere hills?

4. Which basic need from Muyenga tank hill is provided to the people of Kampala?

5. Write C.P.S in full

6. How is C.P.S important to the people of Kampala?

7. Name the man-made lake found in Kampala.

8. How is Lake Victoria useful to the people of Kampala?

9. What is a museum?

10. Give two importance of museum.

Places of worship

- i) A church is a place where Christians go for prayer
- ii) A mosque is a place where Muslims go for prayers

Examples of church leaders

- ❖ Bishops
- ❖ Archbishops
- ❖ Pastors
- ❖ Deacons

Examples of leaders in Islam

- ❖ Imam
- ❖ Mufti
- ❖ District Khadi

Duties of religious leaders

- ❖ They teach the word of God/ Allah
- ❖ They provide guidance and counseling
- ❖ They settle conflicts/disputes among believers
- ❖ They conduct religious marriage
- ❖ They offer sacraments

Ways religious have promoted development in Uganda

- ❖ They have built schools
- ❖ They have built hospitals
- ❖ They have opened up radio and tv stations
- ❖ They have built orphanages
- ❖ They settle conflicts among people
- ❖ They have promoted morals through preaching the word of God
- ❖ They have opened up banks

Types of markets

- i) Periodic markets
- ii) Permanent markets

Examples of markets in Kampala

- ❖ St. Balikuddembe market
- ❖ Nakasero Market
- ❖ Kibuye Market

- ❖ Wandegeya Market
- ❖ Kalerwe Market
- ❖ Nakawa Market

Sources of income

- ❖ Garden
- ❖ Markets
- ❖ Shop/supermarkets
- ❖ Lakes and rivers

Importance of markets

- ❖ They help people to buy and sell goods
- ❖ They provide jobs to people
- ❖ They provide taxes to the government

Post office

- ❖ This is a place where we send letters and parcels

Importances of a post Office

- ❖ It provides job to people
- ❖ It sells stamps
- ❖ To send and receive letters and persels

Services provided b the post office

- ❖ Transport
- ❖ Communication
- ❖ Banking

Activity 10

1. Name the instrument used to measure the amount of rainfall received in an area.

2. Write UPE in full.

3. How many members make up the Local Council One (LCI) committee?

4. How is rainfall important to the people of Uganda?

5. Give any one example of a social service.

6. How does the police keep law and order?

7. What is the name of our district?

8. Why do people keep donkeys in hilly areas?

9. Name any one apostle of Jesus Christ.

10(a) What is child abuse?

(b) Mention two forms of child abuse.

(i) _____ (ii) _____

PHYSICAL FEATURES IN OUR DISTRICT

Qn : What are physical features?

These are landforms on the earth's surface

Examples of physical features in our district

- Plateau
- Lakes
- Rivers
- Valleys
- Mountains
- Hills

Types of physical features

- i) Relief features
- ii) Drainage features

Relief features

- ❖ These are landforms that are identified according to their altitude

Examples of relief features

- ❖ Mountains
- ❖ Hill
- ❖ Plateau
- ❖ Valleys

Drainage features

- ❖ These are landforms which contain water

Examples of drainage features

- ❖ Lakes
- ❖ Rivers
- ❖ Streams

Plateau

- ❖ A plateau is a raised flat-topped piece of land
- ❖ It can also be called a table land
- ❖ Plateau is the physical feature which covers most parts of our districts /Uganda

Draw a symbol for a plateau

Economic activities done on the plateau

- ❖ Farming
- ❖ Tourism
- ❖ Trade
- ❖ Fishing
- ❖ Lumbering
- ❖ Mining

Importance of a plateau

- ❖ It is used for farming /animal grazing
- ❖ It promotes tourism
- ❖ It supports industrialization

Reasons why most people settle on plateau

- ❖ Presence of fertile soils
- ❖ Transport is easy on Plateau
- ❖ It is easy to construct houses on a plateau
- ❖ Presence of pasture for dairy farming

Problems faced by people living on Uganda plateau

- ❖ Pests and diseases
- ❖ Floods
- ❖ Drought
- ❖ Soil erosion

Mountain

- i) A mountain is a large raised piece of land higher than 2000 metres
- ii) Mountain range is a series of mountains
- iii) A mountain peak is the highest point of a mountain

Activity 11

1. Apart from the school, name any one important place in our district.

2. How can a P. 4 child keep security in a home?

3. In which one way can a cow be dangerous in a home?

4. Apart from sunny weather, write any one condition of weather where people use an umbrella.

5. When do people use sweaters?

6. Why is the shadow shortest at midday?

7. Give any one road sign.

8. Which school symbol can help a school child to be easily identified?

9. Give three examples of physical features.

10. What are physical features?

11. Give two types of physical feature.

12. What are drainage features?

Mountain

Mt. Peak

- | | | |
|------|--------------------|------------|
| i) | Mountain Rwenzori | Margharita |
| ii) | Mountain Elgon | Wagagai |
| iii) | Mountain Mufumbiro | Muhavura |
| iv) | Mountain Moroto | Sokdek |

Other mountains

- ❖ Mountain Napak
- ❖ Mountain Kadam

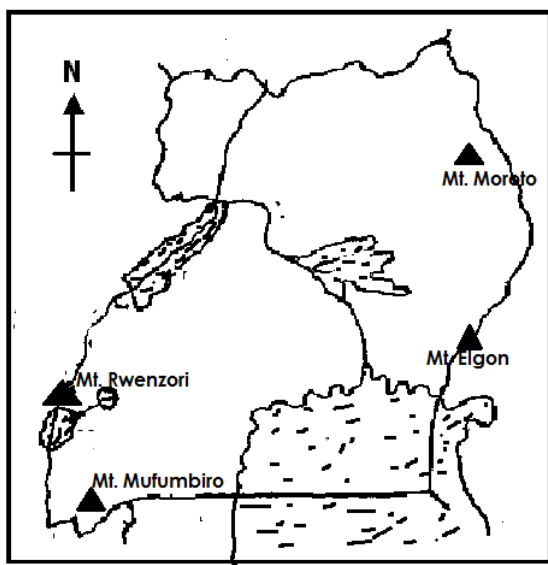

Types of mountains

- ❖ Block mountain
- ❖ Volcanic mountains

Examples of mountainous /highland districts

- ❖ Kabale
- ❖ Mbale
- ❖ Bududa
- ❖ Kapchorwa
- ❖ Kasese
- ❖ Sironko
- ❖ Bundibugyo

A MAP OF UGANDA SHOWING LOCATION OF MOUNTAINS

Importance of mountains

- ❖ They help in rain formation (relief rainfall)
- ❖ They promote tourism
- ❖ They form natural boundaries between countries
- ❖ Mountain slopes have fertile soils for crop growing
- ❖ Some mountains have minerals

Qn: Mention tribes that live on slopes of these mountains

- i) Mt. Rwenzori - Bakonzo , Bamba
- ii) Mt. Elgon -Bagisu , Sabiny
- iii) Mt Mufumbiro - Bafumbira
- iv) Mt. Moroto - Karimojong

Problems faced by people living on Mountain slopes

- ❖ Soil erosion
- ❖ Poor transport network
- ❖ Volcanic eruptions
- ❖ Landslides/Mudslides

Solutions to problems faced by people on mountain slopes

- ❖ By wearing donkeys for transport
- ❖ Constructing winding roads
- ❖ By terracing land
- ❖ Relocation people to safer places

Ways of controlling soil erosion in Hilly/ highland areas

- ❖ By terracing
- ❖ By contour ploughing
- ❖ Through strip cropping

Economic activities carried out in mountainous areas

- ❖ Farming
- ❖ Lumbering
- ❖ Tourism

Activity 12

1(a) Name one social service provided in our district.

(b) Write two problems faced by the government when providing social services.

(i) _____

(ii) _____

(c) State any one social service centre in your district.

2(a) What are physical features?

(b) Name the natural lake found both in Wakiso and Kampala districts.

(c) Name one important feature found on each of the following hills in Kampala.

(i) Nakasero hill _____

(ii) Old Kampala hill _____

3(a) What is a parable?

(b) Name two parables Jesus taught his people.

(i) _____ (ii) _____

4. Name the district where we find Entebbe International Airport.

5. Give one reason why Kampala is divided into divisions.

6. How are nimbus clouds useful to farmers?

7. Why do some people in our district fail to get basic needs?

Qn: How is road transport made possible in mountainous areas?

- ❖ By constructing winding roads

2. How is transport made possible in mountainous areas?

- ❖ By constructing wind roads
- ❖ By rearing donkeys for transport

3. What is the main cause of landslides

- ❖ Heavy rainfall

4: Mention districts affected by landslides in Uganda

- ❖ Bududa
- ❖ Bulambuli
- ❖ Sironko

5. Give dangers of landslides

- ❖ They lead to death of people
- ❖ They destroy property
- ❖ They lead to displacement of people
- ❖ They destroy crops

VALLEYS

A valley is a low land between two close hills/mountains

QUESTIONS

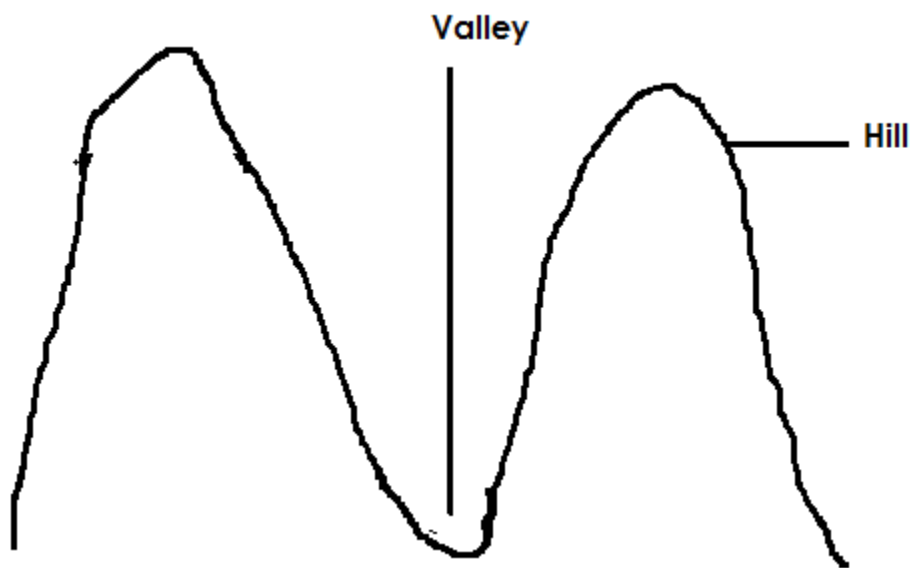

1. What is a rift valley?

- ❖ This is along and wide depression on the earth's surface.

2. What is escarpment?

- ❖ These are steep sides of a rift valley

Diagram showing a valley

Importance of valleys

- ❖ They promote tourism
- ❖ They have fertile soils for farming

Problems faced by people living in a valley

- ❖ Soil erosion
- ❖ Floods
- ❖ High temperatures
- ❖ Poor transport

LAKES IN UGANDA

- ❖ A lake is a large mass of water surrounded by land.

Examples of lakes in Uganda

- ❖ Lake Victoria (largest in Uganda)
- ❖ Lake Albert (source of crude oil)
- ❖ Lake Kyoga (swampiest)
- ❖ Lake Edward
- ❖ Lake George
- ❖ Lake Kwanja
- ❖ Lake Wamala
- ❖ Lake Bisina

Activity 13

1. Name the human – made lake found in Kampala.

2. Write UPE in full.

3. What is a valley?

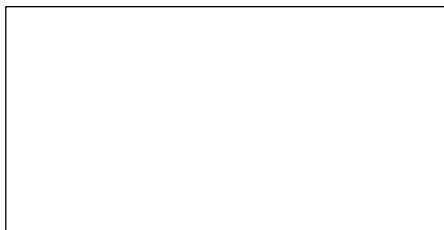

4. Give the LCI official in charge of children's affairs.

5. Why do farmers plant their crops during a rainy season?

6. State any one quality of a good leader.

7. Give one reason why early man tamed a dog.

8. Draw a map symbol of a swamp in the space provided below.

9. Name any one type of roads in your district.

10. Give the meaning of "Christ".

11(a) What term is given to mean the state of atmosphere of a place at a given time?

(b) Mention two conditions of weather.

(i) _____

(ii) _____

(c) Give one way people use wind.

- ❖ Lake Bunyonyi (Deepest Lake in Uganda)
- ❖ Lake Opeta
- ❖ Lake Mutunda
- ❖ Lake Katwe (Source of salt)
- ❖ Lake Bulera

Questions

1. Name the largest lake in Uganda
Lake Victoria
2. Name the deepest lake in Uganda
Lake Bunyonyi
3. Name the lake which is a source of salt in Uganda
Lake Katwe
4. Name the lake where crude oil was discovered
Lake Albert
5. Which is the swampiest lake in Uganda
Lake Kyoga
6. Why is Lake Kyoga swampy
It is shallow
7. Why is lake Kyoga shallow?
It has a lot of clay
Due to silting
8. Name the channel which joins lake Edward to George
Kazinga channel
9. Which river joins L. George to L. Victoria?
R.Katonga
10. Name one man-made lake in Uganda.

Kabaka's lake

Uganda martyrs' lake

Economic activities carried out on lakes

- ❖ Fishing (major)
- ❖ Transport
- ❖ Tourism
- ❖ Trade

Importance of lakes

- ❖ They help in rain formation (convectional rainfall)
- ❖ They are sources of water for irrigation, industrial use, domestic use
- ❖ They are fishing grounds
- ❖ Some form natural boundaries between countries

- ❖ They are homes for aquatic animals
- ❖ They promote tourism
- ❖ They are used for transport
- ❖ Some are sources of minerals like lake Katwe.

Dangers of lakes/rivers

- ❖ They cause flooding
- ❖ They encourage breeding of diseases vectors
- ❖ They hide dangerous wild animals
- ❖ They encourage soil erosion

Problems facing lakes/Rivers

Drought

Silting

Pollution

Over fishing

Over harvesting of swamp vegetation

How to care for lakes

- Planting trees around lakes/afforestation
- Discouraging people from dumping rubbish and other wastes in water
- Using proper fishing methods

Qn: Mention any two fresh water lakes you know in Uganda

i) Lake Victoria

ii) Lake Kyoga

Rivers

A river is a large mass of water flowing in a particular direction

Examples of rivers

River Nile (Longest in Uganda)

River Katonga

River Kagera

River Kafu

River manafwa

River Mpologona

River Achwa

River Semliki

River Mpanga

River Nkusi

River Mayanja

Activity 14

5. What is a family?

6. How is a scale useful to a map reader?

7. How is grass useful to builders?

8. Give one way people can care for social service centres.

9. Draw a picture of a tree in the space below.

10. Give one importance of lakes to people.

11 (a) What are children's rights?

(b) State two examples of children's rights.

(i) _____ (ii) _____

Terms related to rivers

a) River source

❖ This is a point where a river begins/starts flowing

b) River mouth

❖ This is a place where a river ends

c) Tributary

❖ This is a small river joining the main river

d) Distributary

❖ This is a small river branching away from the main river

e) Confluence

❖ This is a place where two or more rivers meet

f) Waterfall

❖ This is the steep flow of a river

RIVER NILE

Question

1. Name the longest river in Uganda

River Nile

Waterfalls found on River Nile

❖ Murchison falls

❖ Itanda falls

❖ Karuma falls

Uses of water falls

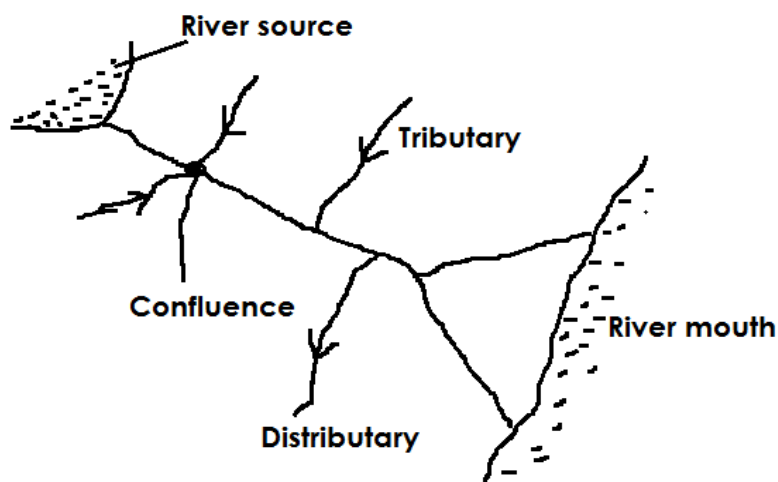

i) They generate Hydro Electric Power (HEP)

ii) They promote tourism

iii) They are used for recreation

2. Mention two rivers that flow into Lake Victoria
 - i) River Kagera
 - ii) River Katonga
3. Write HEP in full
 - ❖ Hydro Electric Power
4. What is Hydro Electric Power?
 - ❖ This is the type of energy generated by fast running water.

Parts of a river

Places where rivers have their sources

- ❖ Highlands/mountains
- ❖ Lakes
- ❖ Plateaus
- ❖ Swamps
- ❖ Forests

Importance of rivers

- ❖ They provide water for domestic use
- ❖ They promote tourism
- ❖ They are fishing grounds
- ❖ They help in rain formation
- ❖ Some act as natural boundaries between countries
- ❖ They generate hydro electricity

Activity 15

1. Write one way a hill is important to people.

2. In which town council is our school located?

3. Give the importance of physical features.

4. Draw and name any one road sign in the space below that helps people to cross busy roads safely.

5. Give any one way of preserving land.

6. Name the school symbol that makes pupils work hard.

7. Apart from a chalkboard, name any other thing found in a classroom.

8. In which direction is the sun seen in the evening?

9. Name the longest river in Uganda.

10. What is a plateau?

11. State any one importance of rivers to people.

Types of rivers

i) Seasonal rivers

- ❖ These are rivers that flow during the wet seasons and dry during the drying seasons

Examples of seasonal rivers

- ❖ R. Mpongo
- ❖ R. Lumansi
- ❖ R. Agogo
- ❖ R. Longira

ii) Permanent rivers

- ❖ These are rivers that flow throughout the year

Examples of permanent rivers

R. Nile
R. Katonga
R. Kafu
R. Kagera
R. Achwa

Economic activities carried out on rivers

- ❖ Fishing
- ❖ Tourism
- ❖ Trade
- ❖ Transport

Qn: Give reasons why areas around lakes and rivers are densely populated

- i) They have fertile soils
- ii) They have good climate / reliable rainfall

FISHING

- ❖ This is the catching of mature fish from waterbodies

Types of fish caught in Uganda

- ❖ Tilapia

- ❖ Nile Perch
- ❖ Mud fish
- ❖ Lung fish
- ❖ Cat fish

Questions

1. Name the commonest type of fish caught in Uganda
 - ❖ Tilapia
2. Which is the largest type of fish caught in Uganda?
 - ❖ Nile perch
3. Which type of fish is commonly found in swamps?
 - ❖ Mud fish

Methods of catching fish

- ❖ Using fishing nets
- ❖ Using spears
- ❖ Using baskets
- ❖ Using hooks
- ❖ Using traps

Fish preservation

- ❖ This is a way of keeping fish safe for a long time without going bad

Ways of preserving fish

Traditional methods

- ❖ Salting
- ❖ Smoking
- ❖ Sun drying

Modern methods

- ❖ Canning
- ❖ Freezing/refrigerating /icing

Activity 16

1. Name one social service provider in our district.

2. Mention any one condition of weather.

3. How is order maintained in a school?

4. Draw and name one basic need of a family.

5. How does the community benefit a school?

6. Why are physical features important to people?

7. Write LC in full.

8. Name the capital city of Uganda.

9. Why do we need prefects in our school?

10. How are the following important in a school?

(a) classrooms _____

(b) class register _____

(c) time table _____

(d) ball _____

11. Mention two economic activities carried out on rivers.

12. mention one method used to preserve fish in your district.

Qn: Which is the commonest method of preserving fish in Uganda

- ❖ Smoking

Uses of fish

- ❖ It is eaten as food
- ❖ It is a source of income
- ❖ Fish can be used as medicine
- ❖ Bones of fish can be used as animals' feeds

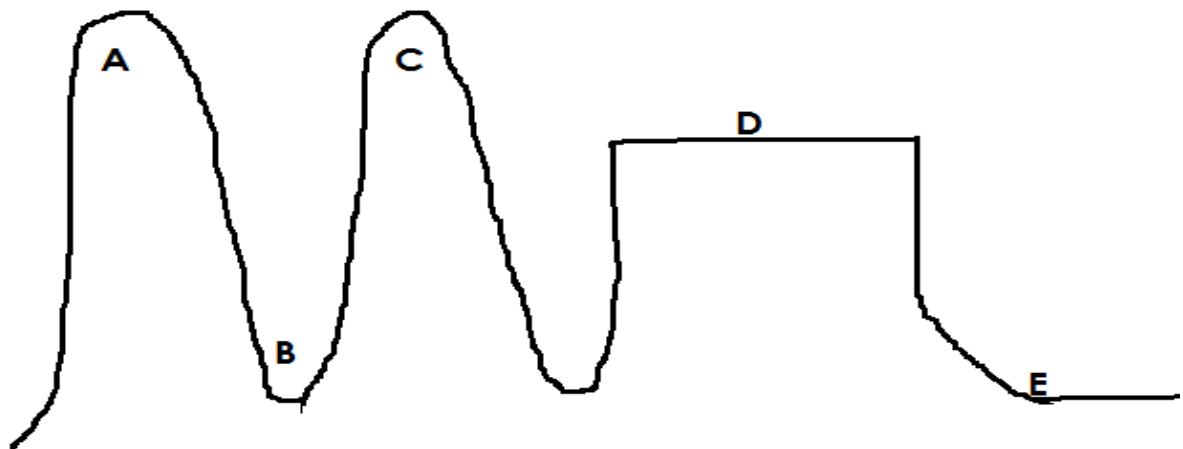

Problems facing fishing

- ❖ Shortage of capital
- ❖ Poor fishing methods
- ❖ Poor transport
- ❖ Bad weather conditions

Examples of poor fishing methods

- ❖ Using poison
- ❖ Using undersized nets
- ❖ Using local herbs

Qn: Name parts labeled on the diagram below

A - Mountain

B - Valley

C - Plateau

E - Plain

Qn: What is a plain?

- ❖ A plain is a low-lying land.

WEATHER IN OUR DISTRICT

Questions

1. What is weather?

- ❖ Weather is the condition of the atmosphere of a given place at a given time **Or**
- ❖ Weather is the atmospheric condition of a place at a given time

2. What is climate

- ❖ Climate is the average weather condition of a place recorded and studied for a long period of time

3. What is weather forecasting?

- ❖ This is the telling of future weather changes

4. What is meteorology?

- ❖ This is the study of weather

5. Who are meteorologists?

- ❖ These are people who study weather changes

6. What is a weather station/meteorological centres

- ❖ This is a place where weather changes are studied and recorded from

7. Where is the largest weather station found in Uganda?

- ❖ Entebbe in Wakiso District

Elements /aspects/components of weather

- ❖ Rainfall
- ❖ Temperature
- ❖ Sunshine
- ❖ Cloud cover
- ❖ Humidity

- ❖ Mist
- ❖ Fog
- ❖ Chilly

Activity 17

1. Name one example of a landform.

2. How is the element of a map below useful to a map reader?

3. Why should children be taught road safety rules?

4. How do people control child abuse in your town council?

5. Who is the political head of a district?

6. Write down one type of forest in Uganda.

7. Why are there very many people living in Kampala city?

8. Draw and name one traditional means of communication

9. What is weather?

10. Mention two elements of weather.

11. What are children's rights?

12. Mention two problems facing fishing in your district.

(i) _____

(ii) _____

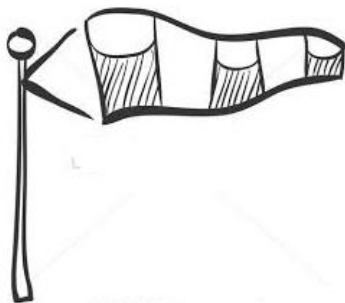

Condition /types of weather

- ❖ Rainy
- ❖ Sunny
- ❖ Windy
- ❖ Cloudy
- ❖ Humid
- ❖ Foggy
- ❖ Chilly weather
- ❖ Misty

Weather instruments

<u>Weather instruments</u>	<u>Uses</u>
Rain gauge	it measures amount of rainfall received in an area
sunshine recorder	it records the number of hours the sunshine s in a day
Windvane/weather cock	it shows the direction of wind
Barometer	it measures atmospheric pressure/air pressure
Anemometer	it measures speed of wind
Hygrometer	it measures humidity

Wind socks

Qn: Why is a wind sock not considered to be weather instrument?

- ❖ It is not found at a weather station

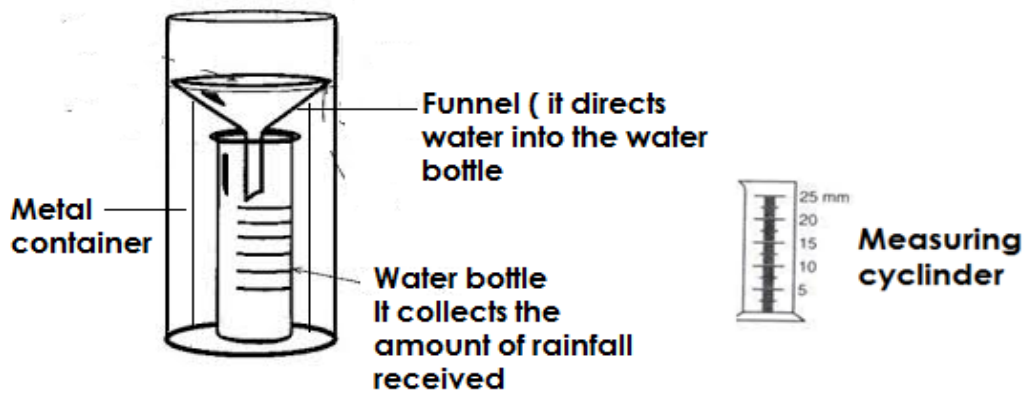

Qn: State the importance of a wind sock

- ❖ It shows wind direction
- ❖ It shows strengthen of wind

Places where a windsock is found

- ❖ Airfield
- ❖ Airstrip
- ❖ Airport

Draw some weather instrument

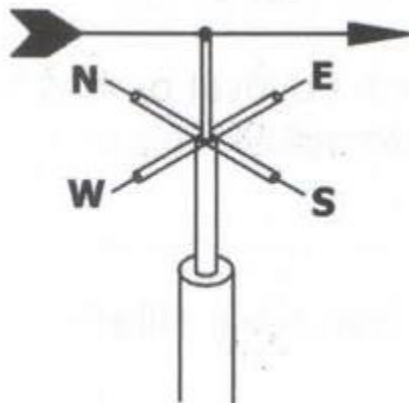

Qn: Why is a rain gauge place in a flat Open area?

- ❖ To prevent rain obstruction

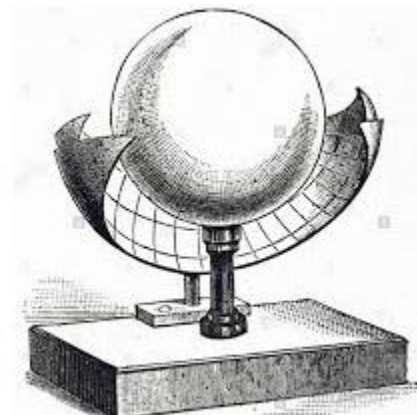

Qn: Why is a rain gauge placed 30cm above the ground

- ❖ To prevent running/splashing water from entering it

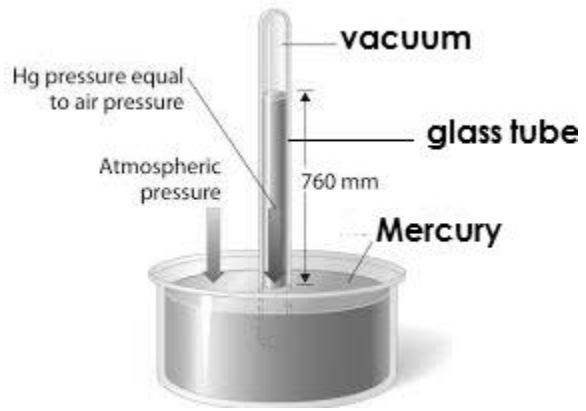

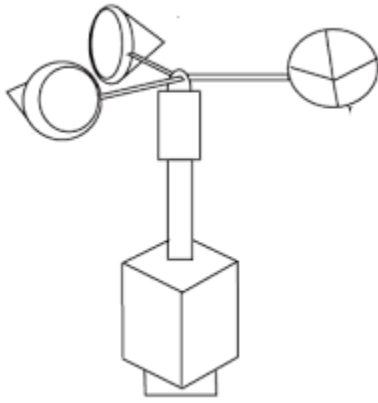

Windvane

Sunshine recorder

Anemometer

Activity 18

1(a) Name any one type of family.

(b) Give two advantages of few people in a family.

(i) _____

(ii) _____

(c) State one cause of insecurity at home.

2(a) What is weather?

(b) Name two examples of weather instruments.

(i) _____ (ii) _____

(c) Why do we need a weather station at school?

3(a) What is the importance of a wind sock?

(b) Name the weather instrument that measures the amount of rainfall.

4(a) What term is given to the group of people related by blood or marriage?

(b) Name two types of families.

Stevenson screen

- ❖ This is a wooden box where delicate weather instruments are kept at a weather station
- ❖ It is painted white to reflect sunlight/ sunshine

Instruments kept there include

- ❖ Barometer
- ❖ Hygrometer
- ❖ Six's thermometer

Qn: Why are there louvers on a Stevenson screen?

- ❖ To allow free circulation of air

Qn: A part from delicate weather instruments, name any other materials found in a Stevenson screen

- ❖ Record book

Qn: Why is a rain gauge not kept in a Stevenson screen?

- ❖ It is not a delicate weather instrument

Rainfall

- ❖ Rain refers to the droplets of water that fall from the sky

Rainfall cycle

- ❖ This is the continuous process through which rain is formed

Types of rainfall

- i) Convectional rainfall
- ii) Relief rainfall/orographic
- iii) Cyclonic rainfall/frontal

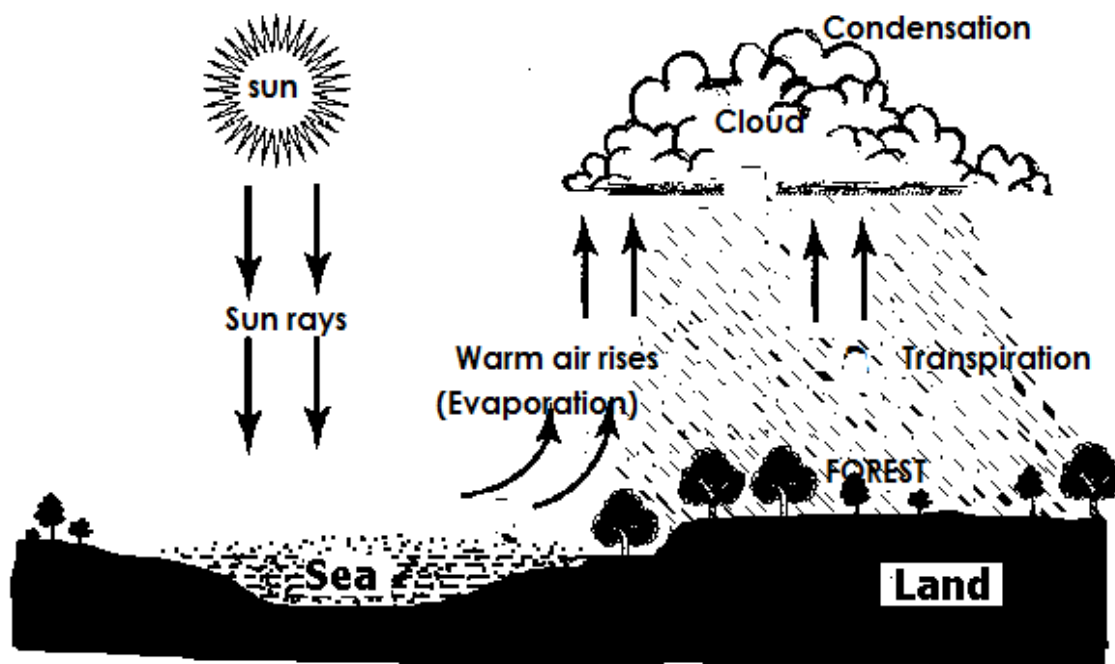

Convectional rainfall

- ❖ This is the type of rainfall received in areas near large waterbodies and forests

It is received in district like;

- ❖ Kalangala
- ❖ Kampala
- ❖ Wakiso
- ❖ Jinja

Diagram showing convectional rainfall

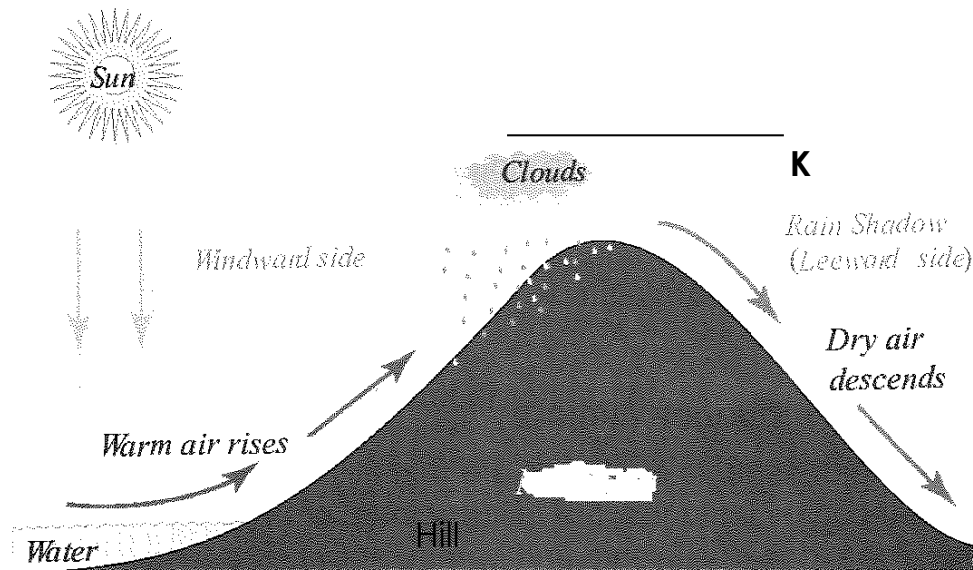

Cyclonic rainfall/ frontal

- ❖ This type of rainfall is experienced when warm moist air masses meet
- ❖ cold dry masses at a front
- ❖ A front is a point where two air masses meet

- ❖ This type of rainfall is experienced in flat areas like Karamoja and Teso(plains)

Activity 20

1. Study the feature below and answer questions that follow.

(a) Name the physical feature drawn in the diagram above.

(b) Write down any two problems faced by people who live in area **K**.

(i) _____

(ii) _____

(c) Give one economic activity carried out in the above area.

2. (a) What is a swamp?

(b) In which one way is brick making dangerous to wetlands?

(c) Give two ways people are destroying wetlands.

(i) _____

(ii) _____

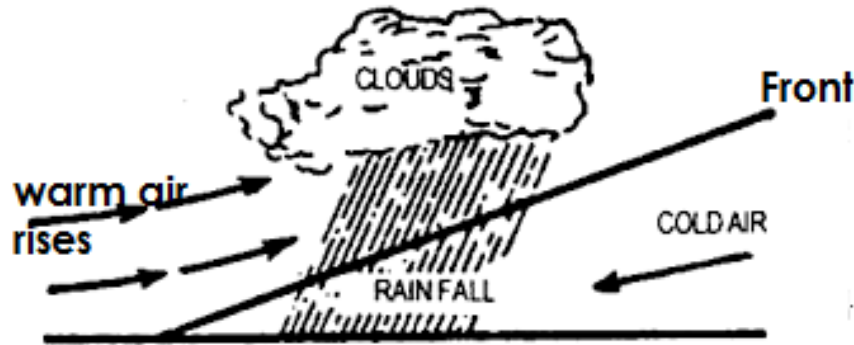

3. (a) What was the first miracle Jesus performed?

(b) What was Jesus' mission on earth?

(c) Name two people which Jesus raised to life.

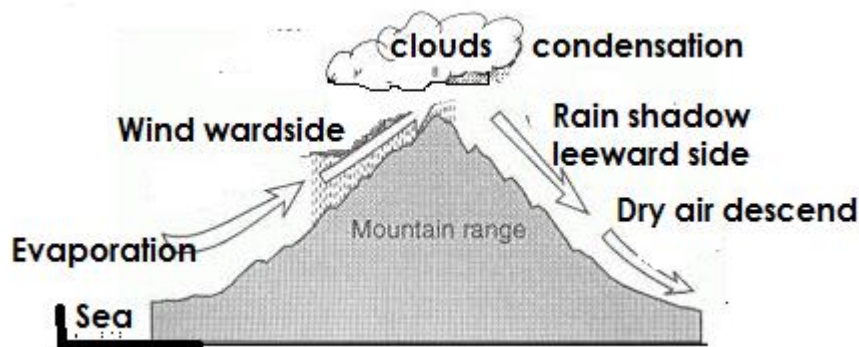

(i) _____ (ii) _____

Diagram,

Relief /orographic

- ❖ This type of rainfall is received in highland areas
- ❖ It is formed when the sun heats the water body and evaporation takes place
- ❖ The warm moist air is forced to rise and it is blocked by the mountain forcing it to rise higher to form nimbus clouds

A mountain has two sides

- Windward is the side of a mountain which receives rainfall throughout the year
- Leeward /rain shadow is the side of a mountain which receives little or no rainfall

Qn: Why does the windward side receive rainfall throughout the year?

- ❖ It receives most winds

Qn: Why does leeward receive little or rainfall?

- ❖ It receives dry winds

Importance of rainfall

- ❖ It is the major sources of water.
- ❖ It softens soil for cultivation
- ❖ It enables plants to make their own food
- ❖ It enables crops to grow well

Disadvantages /dangers of rainfall

- ❖ Too much rainfall caused floods
- ❖ Too much rainfalls destroys crops
- ❖ Too much rainfall destroys bridges
- ❖ Too much rainfall destroys people's houses

Types of clouds

- ❖ Nimbus clouds
- ❖ Cirrus clouds
- ❖ Cumulus clouds
- ❖ Stratus clouds
- ❖ Cumulo nimbus clouds

Importance of clouds

- ❖ Clouds bring rainfall
- ❖ Clouds protect us from direct sun rays
- ❖ Clouds keep the earth warm at night
- ❖ They help to reduce temperature in a given place

Dangers of clouds

- ❖ Dark clouds cause air crashing
- ❖ Clouds cause hails storms which destroy people's crops
- ❖ Clouds cause heavy rainfall which cause floods

Qn: Why is rain referred to as the major source of water

- ❖ It gives water to another sources

Qn: Name the type of clouds that bring rain

- ❖ Nimbus

Activity 20

SECTION A

1. How can we prevent theft in a school?

2. Give any one cause of domestic violence.

3. Draw a map of a car in the space below.

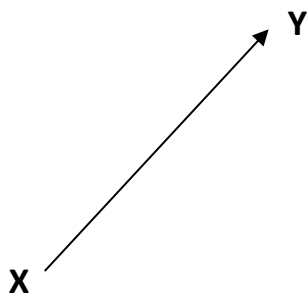

4. At what time of the day is the shadow shortest?

5. In which region of Uganda is Wakiso district?

6. How did Kampala get its name?

7. In which direction is **X** from **Y**?

8. What is the difference between a compass rose and a compass?

9. Name the first capital city of Uganda.

Qn: Mention clouds that are highest in the sky

- ❖ Cirrus

N: B Nimbus clouds are the main source of rain

Qn: What is wind?

- ❖ Wind is the moving air/air in motion

Uses of wind

- ❖ It helps farmers in winnowing
- ❖ It dries our clothes
- ❖ It helps sailors to move their canoes /boats
- ❖ It helps in rain formation
- ❖ It helps in pollination

Dangers of wind

- ❖ Strong wind destroys farmers crops
- ❖ Strong wind destroys people's property e.g. houses
- ❖ Strong wind leads to soil erosion
- ❖ Strong wind can capsize boats/water vessels

Sunshine

- ❖ Sunshine is heat and light from the sun
- ❖ Energy from the sun is called solar

Uses of sunshine

- ❖ It helps in helps in rain formation
- ❖ It dries farmers produce /crops
- ❖ It is a source of solar energy
- ❖ It is a source of vitamin D

Dangers of sunshine

- ❖ Too much sunshine causes to shortage of pasture
- ❖ Prolonged sunshine causes drought
- ❖ Too much sunshine dries man's crops
- ❖ Too much sunshine dries water bodies

- ❖ It causes skin cancer
- ❖ Too much sunshine can cause death of animals

Qn: What is a season?

- ❖ This is a period of time with similar weather changes

Qn: Mention activities done by farmers in these seasons.

i) Wet season

- ❖ Planting crops
- ❖ Weeding
- ❖ Pruning
- ❖ Spraying
- ❖ Thinning

ii) Dry season

- ❖ Harvesting ready crops
- ❖ Drying produce
- ❖ Preparing land
- ❖ Preparing machines
- ❖ Seed storing

Activity 21

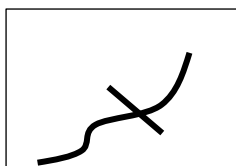

1. In which compass direction will Arnold's shadow be seen at 5:00pm?

2. Why are physical features important in our district?

3. Why do people work in your community?

4. On which hill do we find Makerere University?

5. What does the map symbol below represent?

6. Mention any one basic need of people in our community.

7. Give any one way of saving electricity at home.

Revision Test 1

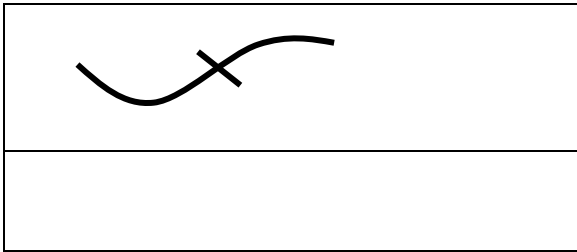

SECTION A

1. Why should a good map have a title?

2. In which region of Uganda is your district located?

3. Apart from the above-mentioned district, name any one other district in Uganda.

4. Name the map symbol drawn below.

5. What is a homestead?

6. Write the major economic activity carried out on lakes.

7. Mention any one raw material for crafts obtained from swamps.

8. Which department of the police guides drivers?

9. Why did God chase Adam and Eve away from the Garden of Eden?

10. Mention any one craft product made from palm leaves.

11. Write UPE in full.

12. How does the Uganda police keep law and order?

13. Why is short grass planted in the school compound?

14. Why are road signs put on roads?

15. How do farmers in highland and hilly areas control soil erosion?

16. What do we call a low-land between two close hills or mountains?

17. State any one way school going children can manage sunny weather.

18. Name the compass direction between south and west.

19. What else did God create on the sixth day apart from man?

20. How are lakes and rivers important to people living near them?

SECTION B

21(a) What is a nuclear family?

(b) Apart from father, name any two members in a nuclear family.

(i) _____ (ii) _____

(c) Give any one role played by a family head.

22(a) What term is used to mean the state of atmosphere of a place at a given time?

(b) Which type of weather helps farmers in winnowing?

(c) State any one disadvantage of too much rainfall in an area.

(d) How can a P. 4 child manage sunny weather?

23(a) Give the meaning of the term communication.

(b) Why do people in your district prefer using phones to drums for communication?

(c) Draw and name any two means of modern communication.

24(a) Why did God create man last?

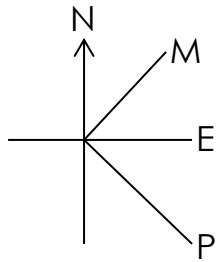

(b) In which two ways does man care for God's creation?

- (i) _____
(ii) _____
(c) Mention any one-way people destroy God's creation.

25. How are the following places important to people in your community?

- (i) market _____
(ii) school _____
(iii) hospital _____
(iv) museum _____

26. Use the diagram below to answer the questions that follow.

- (i) Name the element of a good map shown above.

(ii) Write any one difference between a compass rose and a compass direction

Revision Test 2

1. What are physical features?

2. Name any one member of an extended family who is not found in a nuclear family.

3. How can a P. 4 child promote peace and security at home?

4. Why are road signs put on roads?

5. How do farmers in highland and hilly areas control soil erosion?

6. Apart from soil erosion, give any other problem faced by people living in hilly and highland areas.

7. How are lakes and rivers important to people living near them?

8. Why are people discouraged from building houses for settlement in valleys?

9. How can man restore his relationship with God today?

10. What are land forms?

11. Why do we need police stations in our community?

12. What should a driver do after seeing this road sign ahead?

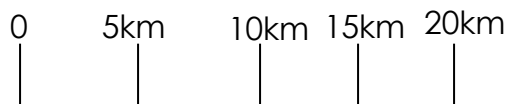

13. State any one way of caring for water bodies.

14. What is an economic activity?

15. How can a person make his project successful?

16. Give the meaning of the term gender.

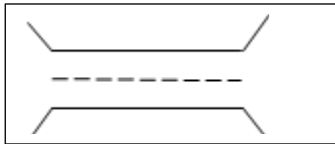

17. Of what importance is the element below to a map reader?

18. Why did God send Adam and Eve out of the Garden of Eden?

19. What are map symbols?

20. Name the map symbol drawn below.

SECTION B

10(a) How many members make up the Local Council One (LCI) committee?

(b) How is the L.C.I vice chairman important in your community?

(c) State any two roles played by the LCI executive committee.

(i) _____

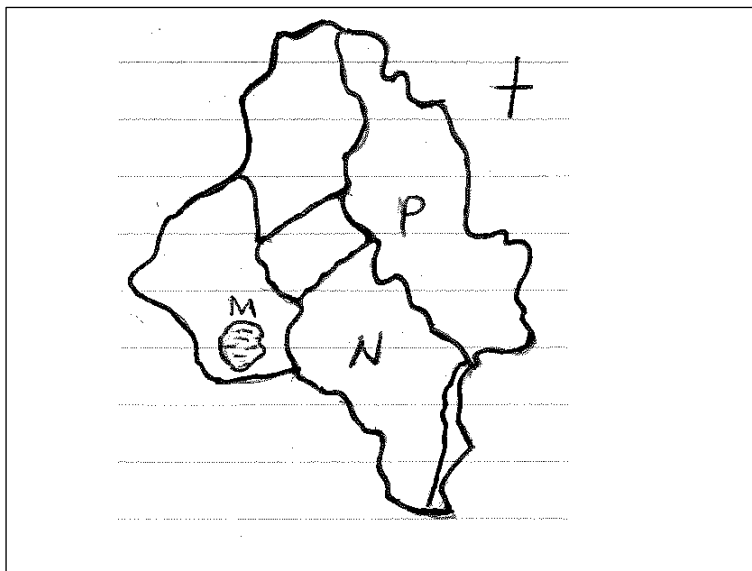

(ii) _____

11(a) How is a map different from a picture?

(b) Write down any one similarity between a map and a picture.

(c) Why are symbols used on a map instead of real objects?

12. Study the map of Kampala below and answer questions that follow.

(a) Name the man-made lake marked M on the map.

(b) Name the division of Kampala labeled P.

(c) Why is Kampala divided into municipalities?

(d) Give any district near Kampala.

13(a) Who is a martyr?

(b) Mention any two Uganda martyrs.

(i) _____ (ii) _____

(c) Why are martyrs important in Christians?

14(a) State any two ways a school can benefit its neighbourhood.

(i) _____

(ii) _____

(b) Write down any one importance of a community to its neighbouring school.

(c) How is peace and security important in a community?

15(a) What is a valley?

(b) Write down one disadvantage of building in valleys.

(c) Apart from a valley, name any two physical features in our district.

(i) _____ (ii) _____

Revision Test 3

SECTION A

1. Give one reason why Kampala attracts many people for settlement.

2. Why are swamps useful to people?

3. Of what importance are prefects in a school?

4. Name the ministry in charge of all schools in Uganda.

5. Of what importance is land to people?

6. How was fire useful to the people of long ago?

7. Which cash crop is mostly grown on the slopes of Mt. Elgon?

8. Which tool did the early man use to trap fast running animals?

9. Give one reason why Jesus performed miracles.

10. Name the tool which helps a teacher to record the attendance of children in class.

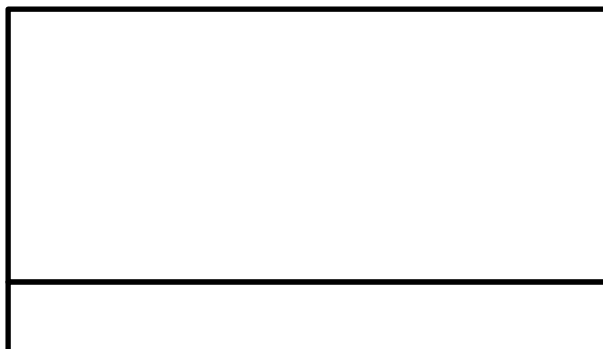

11. What is a family?

12. Mention any one thing found in a good home.

13. State one cause of misunderstanding between a school and a community.

14. Mention one material used for making local balls.

15. Draw and name one means of water transport in the space below.

16. Mention any one form of child abuse.

17. What school symbol encourages pupils to work hard?

18. How important are class rules and regulations?

19. Write KCCA in full.

20. What is a community?

SECTION B

10(a) What is communication?

(b) Why is it important for every family to have a telephone?

(c) Apart from telephones, given another two means of modern communication.

(i) _____ (ii) _____

11(a) How can a P. 4 child control drought in an area?

(b) Write down one cause of drought in a given area.

(c) Give one effect of drought.

(d) What is weather?

12(a) Name one type of road in Uganda.

(b) Why is air transport used by few people in our community?

(c) Which traffic light tells drivers to get ready?

(d) Give any one means of road transport.

13(a) Why is Ash Wednesday important in Christian life?

(b) Name one person in the Bible who made a good decision.

(c) Write any one good decision you make while at home.

(d) Draw and name any symbol of the Christian family.

14(a) What are social services?

(b) Name any one example of a social service provider.

(c) What social service is provided from a clinic?

15(a) Who is a prophet?

(b) Give two prophets in the Bible.

(i) _____ (ii) _____

(c) In which way were prophets important in Christianity?
