SECTION B: 50 MARKS

Questions **51** to **55** carry ten marks each.

51. *Read the passage below and then answer,* ***in full sentences****, the questions that follow.*

In Kidodo Sub-county, many people often fell sick during the rainy season. Diseases such as malaria and typhoid were very common, especially among children.

Among the residents were two great friends, Akena and Nalongo, who studied at Greentop Primary School. In third term last year, Nalongo fell seriously sick and missed several days of school. The sickness was serious and she had to visit the hospital.

When she finally returned, Akena was surprised to see how weak she looked. "What happened to you?" he asked with concern.

"I had malaria and needed serious treatment," Nalongo replied softly. "The doctor said I was bitten by mosquitoes."

Akena became worried. "But where do these mosquitoes come from?" he asked.

The following day, their science teacher, Ms. Babirye, explained that mosquitoes breed in stagnant water and hide in tall grass around the compound. She also told the class that poor sanitation increases the spread of diseases. After the lesson, Akena and Nalongo decided to inspect their homes. They discovered that there were several places with stagnant water around their compounds, and the tall grass needed cutting down.

Together with their families, they cleared the bushes, drained the stagnant water. The two friends advised their parents to start sleeping in mosquito nets at night.

Within a few weeks, cases of malaria in their homes reduced greatly. Nalongo regained her strength and returned to normal school activities.

Whenever I find a difficult word,
I **panic** no more,
I take my dictionary out,
To look it up and learn its meaning.

From A to Z,
Words I find arranged,
Guide words help me find my way,
Quickly to the word I need.

Not only meanings do I find,
But also spellings and pronunciations,
That guide the stress and sounds clearly,
This helps me read the word with ease.

As important as a good teacher,
The dictionary guides my learning,
For every time I use it well,
My knowledge grows both strong and wide.

Asante Phoebe
