KAMULI COLLEGE
END OF YEAR 2025 ASSESSMENT
ENTREPRENEURSHIP EDUCATION SENIOR TWO
1HOUR:30MINUTES

INSTRUCTIONS;

- ✓ This paper consists of three examination items
- ✓ Respond to only two

Item 1

Kaweesi, bogere, kutamba, kyagulanyi, lindon and nabukeera are planning to setup a business together dealing in the sale of shoes. They have been advised by their entrepreneurship teacher to first carryout a survey and also make a binding agreement that will promote peace among themselves, with everything they had they had limited knowledge in what they were intending to go into.

Task;

As a student of entrepreneurship education,

- (a) Help those members on the scenario to design a market survey guide to be used. (10mks)
- (b) Prepare a document of peace for them to smoothly run their business activities without any worries. (10mks)

Item 2

Mukisa operates a bakery in his home town, the bakery has been in operation for a period of three years, but it has completely failed to capture market. Having invited you to inspect the business, you have found that the business uses inappropriate technology, produces poor quality products, has disorganized leadership structure and poorly markets its products.

Mukisa has received information that his products do not reach customers in the area and even those from far due to poor distribution strategies.

You have therefore advised him to embrace innovation to improve business performance.

However, he is ignorant about the unique designs he is to adopt to enhance business prosperity.

Task;

Guide mukisa on;

- (a) Appropriate types of innovation that he can adopt to solve the challenges in his business. (10mks)
- (b) How to ensure that the products reach the final consumers easily. (10mks)

Item 3

Kigobero is a laboratory attendant at Mulago health center(iv) he has been working in that position since 2020 and has kept part of his salary since then. He is an orphan and his late father's **WILL** entrusted him with a piece of land, a building and some animals, but all of them are in the care of family members.

He feels that he should create side income to supplement the salary he currently earns, however, still troubled on how to raise the capital required to start, claiming the savings he has are not enough to start a business of his dreams.

Task;

As an entrepreneurship education student;

- (a) Explain to kigobero how he can raise the finance he needs to start up and operate the business other than savings. (10mks)
- (b) Advise him on what to consider to ensure proper location of his business. (10mks)

“THE STRUGGLE CONTINUES”

MERRY CHRISTMAS AND HAPPY NEW YEAR 2026
