i) pawpaws _____

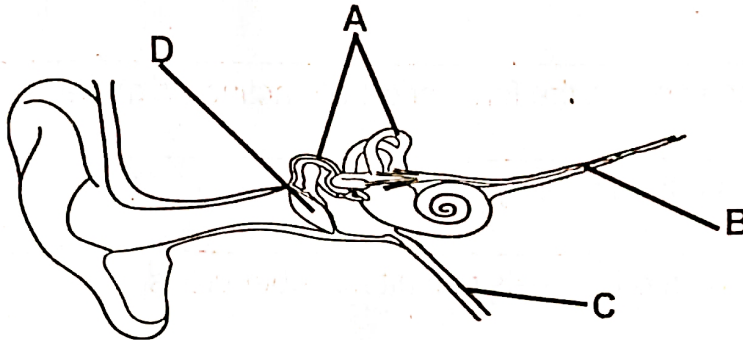

ii) sweet potatoes _____

b) State two ways in which plant stems are useful to people.

i) _____

ii) _____

42. The diagram below is of a human ear. Use it to answer the questions that follow.

a) Name the parts labelled with letters D and C.

i) D _____

ii) C _____

b) State the importance of part marked B in the hearing process.

c) Mention the part of the above ear that amplifies sound waves.

43. a) Give the meaning of essential drugs.

b) State any two reasons why every home should have essential drugs.

i) _____

ii) _____

c) Mention any one characteristic of essential drugs.

44. a) Name any two natural heat sources of energy in the environment.

i) _____

ii) _____

b) State any two ways of conserving sources of energy at home.

i) _____

ii) _____

45. a) Identify any **two** examples of clouds in the atmosphere.

i) _____

ii) _____

b) Give **one** importance of clouds to crop farmers.

c) Write **one** danger caused by clouds to people.

46. a) State any **two** importance of keeping proper sanitation.

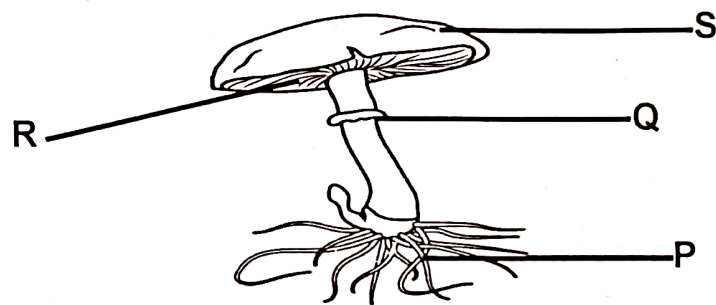

i) _____

ii) _____

b) Mention **one** sign that can be used to identify poor sanitation in a school environment.

c) Give **one** proper way of managing wastes at home.

47. The diagram below shows a mushroom. Use it to answer the questions that follow.

a) Name the parts labelled with letters Q and S.

i) Q _____

ii) S _____

b) State **one** way part P is useful to a mushroom.

c) Name the reproductive structures that are produced by part marked R.

48. a) Give any **two** reasons why farmers keep cattle.

i) _____

ii) _____

b) State the type of cattle that provides raw materials to meat processing industries.

c) Mention **one** way cattle keeping helps to improve crop growing.

49.a) Give any **two** factors that affect the pitch of sound in string musical instruments.

i) _____

ii) _____

b) Mention any **two** ways of changing the pitch of sound produced by a drum.

i) _____

ii) _____

50.a) Give any **two** examples of common disease vectors whose bodies are covered with fur.

i) _____

ii) _____

b) Mention any **two** characteristics that enable disease vectors to spread diseases.

i) _____

ii) _____

51.a) Name any **two** elements of weather which support proper plant growth.

i) _____

ii) _____

b) State any **two** items that can be used by people to manage sunny weather.

i) _____

ii) _____

52. List M has some common measurements with their units in list P but in a wrong order.

List M

mass

weight

density

volume

List P

grams per cubic centimeter

cubic centimetres

grams and kilogrammes

newtons

Match them correctly.

a) mass _____

b) weight _____

c) density _____

d) volume _____

53.a) Identify any two tools used to promote personal hygiene.

i) _____

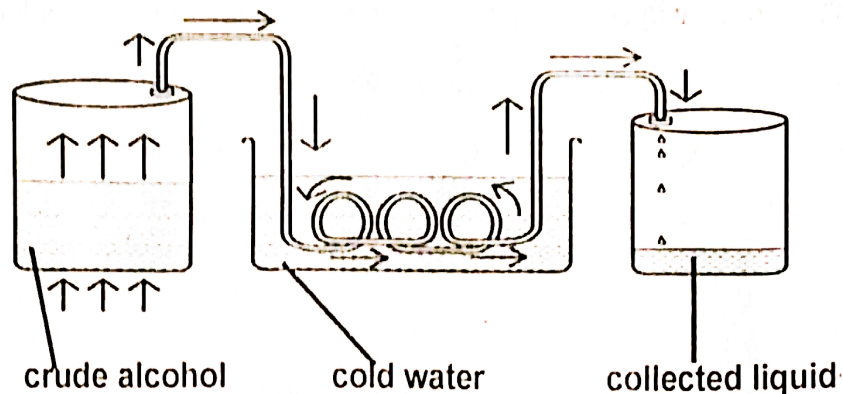

ii) _____

b) State any two signs of poor personal hygiene.

i) _____

ii) _____

54. The diagram below shows a method of purifying alcohol. Use it to answer the questions that follow.

a) Identify the method of purifying alcohol illustrated above.

b) Name one physical process that takes place in a container having crude alcohol.

c) State the importance of cold water in the above process of purifying alcohol.

d) Write the scientific term that is used to refer to the collected liquid in the above process.

55. a) Name the method of seed dispersal that occurs in the following plants;

i) cotton _____

ii) mangoes _____

b) Give any two importance of seed dispersal to plants in the environment.

i) _____

ii) _____
