Vectors	Diseases
culex mosquito	(i) _____
(ii) _____	mad dog
cockroach	(iii) _____
(iv) _____	tsetsefly

44. a) Give any **two** ways of promoting good sanitation.
i) _____
ii) _____
- b) Mention any **two** items used in promoting sanitation.
i) _____
ii) _____

45 a) Name any **two** examples of wild birds.

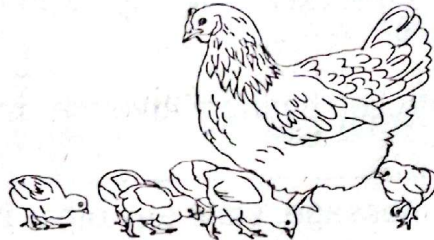

(i) _____ (ii) _____

b) Give any **two** dangers of wild birds in the environment.

i) _____

ii) _____

46. The diagram below shows a type of brooding in poultry. Use it to answer the questions that follow.

a) Identify the type of brooding shown in the diagram above.

b) Mention any **two** advantages of the above type of brooding.

i) _____

ii) _____

c) Give any **one** disadvantage of the above type of brooding.

47 a) Give the meaning of the term dehydration.

b) State any **two** causes of dehydration among children.

i) _____

ii) _____

c) Mention any **one** sign of dehydration among children.

48. a) State the difference between thinning and pruning.

b) Give any **two** ways of caring for crops in the garden.

i) _____

ii) _____

c) Mention any **one** effect of pest damage on crops.

49. a) Give any **one** danger of too much wind to people.

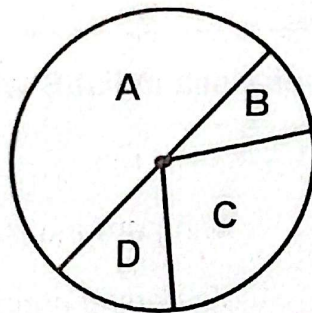

b) How can people manage windy weather?

c) State any **two** things people use to manage windy weather.

i) _____

ii) _____

50. The pie chart below shows components of air. Use it to answer the questions that follow.

a) Identify the components of air labelled with letters D and C.

i) D _____

ii) C _____

b) Which of the components of air shown in the above pie chart helps to make proteins?

c) Give any **one** industrial use of the component of air labelled with letter B.

51. a) Name any **two** parts that make up the shoot system of a plant.

i) _____

ii) _____

b) Mention any **two** raw materials plants need to manufacture their own food.

i) _____

ii) _____

52. a) Give any **two** types of soil.

i) _____ (ii) _____

b) Mention any **two** examples of soil organisms.

i) _____ (ii) _____

53. a) State any **two** types of bees found in the beehive.

i) _____ (ii) _____

b) Give the duties of the types of bees you have named in (a) above.

i) _____

ii) _____

54. Match the items in list A to their uses in list B when giving first aid.

A

safety pin

stretcher

bandage

splints

(i) safety pin

(ii) stretcher

(iii) bandage

(iv) splints

B

tying around fractures

fastening bandage

carrying casualties who can't walk

tying splints

55. a) Give the meaning of the term malnutrition.

b) Mention any **two** examples of diseases caused by malnutrition.

i) _____ (ii) _____

c) State any **one** way of preventing malnutrition among children.
