P.5 MID TERM TWO ASSESSMENT-SET 3 2026

INTEGRATED SCIENCE

Time Allowed: 2 hours 15 minutes

Pupil's Name: _____

School Name: _____

Read the following instructions carefully:

1. This paper has two sections: Section A and Section B.
2. Section A has 40 questions (40 marks) and Section B has 15 questions (60 marks) .
3. Answer ALL questions. All answers must be written in the spaces provided.
4. Use a blue or black ballpoint pen or ink. Work done in pencil (except diagrams) will NOT be marked.
5. Unnecessary changes and poor handwriting may lead to loss of marks.

FOR EXAMINERS' USE ONLY		
SECTION	MARKS	EXR'S NO.
SECTION A		
SECTION B		

SECTION A: 40 MARKS

Answer ALL questions in this section. Each question carries 1 mark.

1. Why is a spider not classified as an insect?

.....

2. A farmer notices that his chicken are laying eggs with soft shells. What mineral is lacking in their diet?

.....

3. Which part of the human eye is responsible for focusing light onto the retina?

.....

4. State one way in which plants reduce the amount of carbon dioxide in the atmosphere.

5. Name the type of teeth with a rough surface and ridges used for grinding food.

6. Give one reason why a rat is grouped under living things.

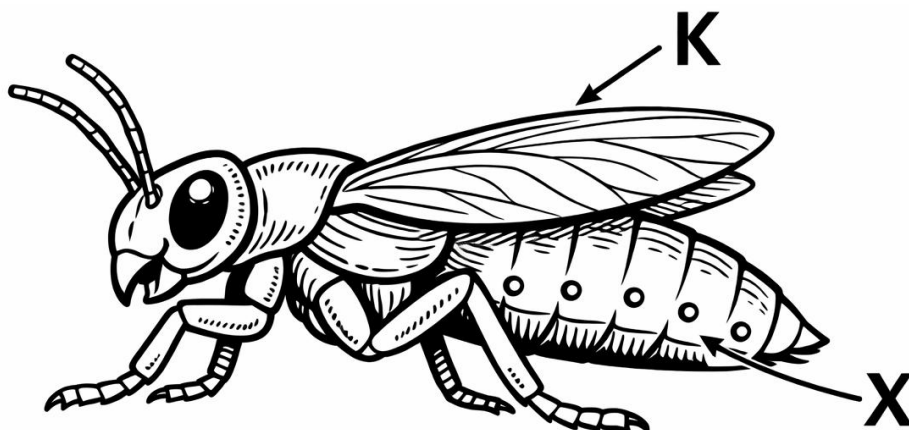

7. What is the importance of thinning in crop growing?

8. How are bats able to locate their food?

9. Name the unit in which the mass of a stone is measured.

10. How beneficial are legumes in a crop rotation cycle?

Study the diagram below of an insect and answer questions 11 and 12.

11. State the importance of part marked K on the insect.

12. Give one way how part X on the insect is similar to the gills of fish.

13. Name the vector that spreads malaria to people.

14. Give one reason why a person with diarrhoea should be given ORS.

15. State one danger of living in dusty places.

16. Give the use of a rain gauge at a weather station.

17. State any one way how you can identify a pupil with poor personal hygiene at school.

18. Give any one effect of too much sunshine in the environment.

19. Mention the type of teeth used for tearing food.

20. Name any one edible product from a cow used to prevent kwashiorkor in children.

.....

31. Give one natural cause of environmental degradation.

.....

32. Mention any one health benefit of reptiles to humans

.....

33. Which blood component contains iron?

.....

34. How is good posture useful to the body?

.....

35. Why should people not eat too much salt in their food?

.....

36. Name the garden tool used to spread manure in the garden.

.....

37. How is the heart adapted to its function?

.....

38. Mention one condition necessary for the multiplication of bacteria.

.....

39. Name the deficiency disease that affects the circulatory system.

.....

40. Why is an elderly person referred to as a vulnerable person?

.....

SECTION B: 60 MARKS

Answer ALL questions in this section. Marks for each question are indicated in brackets.

41(a) Give any one characteristic of a maize plant as a monocotyledonous plant.

(1 mark)

.....

(b) State the function of the following parts on the flowering plant:

(i) Leaf:(1 mark)

(ii) Flower: (1 mark)

(c) State a reason why pollination cannot take place on a pine tree. (1 mark)

.....

42.(a) State one importance of drug prescription to patients.

(1 mark)

.....

(b) A drug is labelled 2×3 . What does this mean?

(1 mark)

.....

(c) If the first dose was taken at 7:00 a.m., at what time should the second dose be taken?

(2 marks)

.....

43.(a) Identify the element of P.H.C promoted by P.7 pupils by performing the following activities:

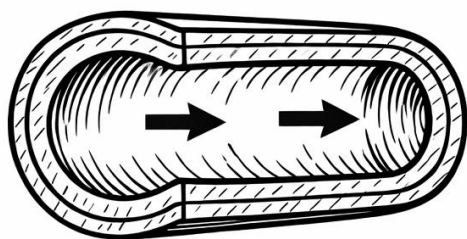

(i) Using a latrine well: (1 mark)

(ii) Accepting to be immunized in case of a disease outbreak: (1 mark)

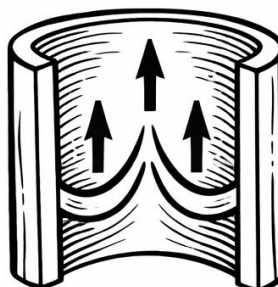

(b) Give any one role of a school health committee in promoting P.H.C. (1 mark)

(c) State any one way P.6 pupils can promote oral and dental health. (1 mark)

44.The diagrams below show blood vessels. Use them to answer the questions that follow.

P

Q

(a) Name the type of blood vessels P and Q. (2 marks)

(i) P:

(ii) Q:

(b) Give one function of valves in blood vessel Q. (1 mark)

(c) Which type of blood is mainly found in blood vessel marked P? (1 mark)

45.(a) What do we call the first milk produced by a cow after calving? (1 mark)

(b) Mention any two importance of such milk to a calf. (2 marks)

(c) Name any one product got from milk. (1 mark)

46. (a) Why is mulching a good practice in crop growing? (1 mark)

(b) Give one material used to mulch a garden. (1 mark)

(c) State one way of controlling internal parasites in cattle. (1 mark)

(d) Mention one type of soil used in making pots. (1 mark)

47.(a) What is smoking? (1 mark)

(b) Give any one reason why people smoke. (1 mark)

(c) State any two health effects of smoking to an individual. (2 marks)

48. (a) Write PIASCY in full. (1 mark)

(b) State any two messages of PIASCY. (2 marks)

(c) Give any one activity that a teacher carries out during PIASCY sessions.(1 mark)

49. (a) How are frogs and toads different in the way they lay their eggs? (1 mark)

(b) State one way how the eggs of amphibians are protected from aquatic animals. (1 mark)

(c) Why is a frog's tadpole different from a toad's tadpole? (1 mark)

50.A block of mass 120g was lowered in water and it displaced an amount of water that could fill a rectangular container measuring 2 cm by 3 cm by 5 cm. Calculate the density of the box. (4 marks)

51. (a) Name one breed of sheep that is useful to the textile industry. (1 mark)

(b) Which poisonous chemical in tobacco causes lung cancer? (1 mark)

(c) Name the part of the tooth that is sensitive to heat. (1 mark)

(d) Mention the part of the ear that transforms sound vibrations into nerve impulses. (1 mark)

52.(a) Which element of PHC is promoted by draining stagnant water? (1 mark)

(b) Give one class of food obtained from taking honey. (1 mark)

(c) How are the eggs of a fish fertilized? (1 mark)

(d) Mention one way in which plants reduce the amount of carbon dioxide in the atmosphere (1 mark)

53. (a) Name the waste material stored in the urinary bladder. (1 mark)

(b) Why do we need to keep our teeth clean? (1 mark)

(c) Apart from seeds, what else do plants use to multiply? (1 mark)

(d) In which one way is a school nurse helpful to our community? (1 mark)

54. (a) In which state of matter does heat travel by convection? (1 mark)

(b) Give any one material that a plant requires to make food. (1 mark)

(c) Why would you group rabbits under mammals? (1 mark)

(d) How can a 12-year-old prevent himself from contracting AIDS? (1 mark)

55. (a) Convert 50°C to °F. (2 marks)

(b) Why should layers be given feeds rich in calcium? (1 mark)

(c) Why is pruning bananas necessary? (1 mark)

47. We can go to the beach or to the mountains. (Re-write using:either.....)

48. This is the room. I sleep here. (Re-write using:where.....)

49. If you don't study, you won't pass. (Begin: Unless.....)

50. Knowledge is power, (Complete the proverb correctly.)

SECTION B: 50 MARKS

Answer ALL questions in this section. Each sub-question carries 1 mark.

51. (10 marks)

Read the passage below carefully and answer in full sentences the questions that follow.

THE IMPORTANCE OF TREES

Trees are very important to human beings. They provide us with oxygen, which we need to breathe. They also provide us with food, medicine, and building materials. Without trees, life on earth would be impossible.

Trees help to prevent soil erosion. Their roots hold the soil together and prevent it from being washed away by rain. Trees also provide shade and shelter for both people and animals. They are a home for many birds and insects.

Trees also help to regulate the climate. They absorb carbon dioxide from the atmosphere and release oxygen. This helps to reduce global warming. We should all plant trees and take care of them. If we cut down trees, we must plant new ones to replace them.

Questions:

(a) What is the passage about?

(b) What do trees provide for human beings?

(c) Why would life on earth be impossible without trees?

(d) How do trees help to prevent soil erosion?

(e) What do trees provide for people and animals?

(f) What is a home for many birds and insects?

(g) How do trees help to regulate the climate?

(h) What do trees absorb from the atmosphere?

(i) What should we do if we cut down trees?

(j) Give one word that means the same as "regulate".

52.

(10 marks)

The sentences below are jumbled. Re-arrange them sensibly to make a good story.

- (a) We arrived at the village at around 5:00 p.m.
- (b) We travelled by bus from Kampala to Masaka.
- (c) We decided to visit our grandmother in the village.
- (d) She gave us food and told us many stories.
- (e) Our grandmother was very happy to see us.
- (f) We spent the whole weekend with her.

Correct order:

1.	
2.	
3.	
4.	
5.	
6.	

53.

(10 marks)

Read the poem below carefully and then answer in full sentences the questions that follow.

AFRICA MY HOME

Africa, Africa, my home so dear,

The land of the lion, the land of the deer.

The sun shines bright on the golden plains,

Where the farmer works through the sun and rains.

Africa, Africa, the land of gold,

A story of bravery, of times so bold.

From the mountain high to the ocean deep,

A promise of beauty we must always keep.

Africa, Africa, let us unite,

To build our future, to shine so bright.

With unity and peace we will stand,

The greatest continent in the land.

— By A. Okello

Questions:

(a) What is the title of the poem?

(b) What animals are mentioned in the poem?

(c) Where does the farmer work?

(d) What is Africa called in stanza two?

(e) What is described from the mountain high to the ocean deep?

(f) What should we do for Africa according to stanza three?

(g) What will help Africa to stand as the greatest continent?

(h) Who wrote the poem?

(i) How many stanzas does the poem have?

(j) Give one word that means the same as "greatest".

54.

(10 marks)

Read the dialogue below and complete it correctly.

Peter: Good evening, Madam.

Madam: _____

Peter: I am looking for the head teacher's office.

Madam: _____

Peter: Is it the building with the blue door?

Madam: _____

Peter: Thank you very much.

Madam: _____

Peter: What time does the head teacher arrive?

Madam: _____

Peter: Can I wait for him in the office?

Madam: _____

Peter: Thank you for your help.

Madam: _____

Peter: I will go to the office now.

Madam: _____

55.

(10 marks)

Study the notice below and answer in full sentences the questions that follow.

SCHOOL PARENTS' DAY

Date: Saturday 4th July 2026

Time: 8:00 a.m. - 3:00 p.m.

P.5 MID TERM TWO ASSESSMENT-SET 3 2026

MATHEMATICS

Time Allowed: 2 hours 15 minutes

Pupil's Name: _____

School Name: _____

District Name: _____

Read the following instructions carefully:

1. This paper has two sections: Section A and Section B.

2. Section A has 20 questions (40 marks) and Section B has 12 questions (60 marks)

SECTION A: 40 MARKS

(Answer ALL questions. Each carries 2 marks.)

1. Work out: $144 \div 12 =$

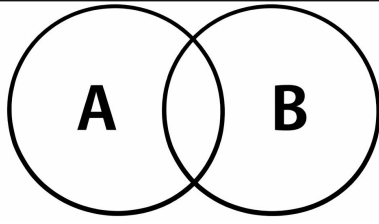

2. Write the number expanded below:
 $70,000 + 4,000 + 800 + 90 + 6 =$ _____

3. Simplify: $-9 + 15 =$

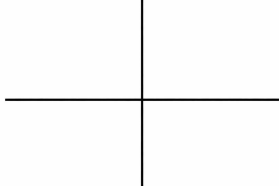

4. Round off 8,964 to the nearest ten.

5. In the Venn diagram below, shade the region $(A \cup B)'$.

6. Find the next number in the sequence: 1, 1, 2, 3, 5, 8, 13, _____, _____

7. Name the type of lines drawn below.

8. Simplify: $8p - 3q + 5p + 7q = \underline{\hspace{2cm}}$

9. Work out: $\frac{5}{6} + \frac{3}{8} = \underline{\hspace{2cm}}$

10. Change 4.25 litres into millilitres.

11. A train travelled at 80 km/hr for 3.5 hours. How far?

12. Find the square root of 1.44.

13. What is the sum of angles in a triangle?

14. Find the median of: 23, 15, 31, 19, 27, 12, 35

14. Given that set $P = \{a, b, c, d, e\}$, find the number of subsets.

16. Solve: $4m - 7 = 29$

18. How many paper notes from AR 500 to AR 1000?

18. A doctor was on duty from 9:45 p.m. to 6:15 a.m. For how long?

19. Write 0.375 as a fraction.

20. Given that ● = 15 pineapples, find
●●●●.

SECTION B: 60 MARKS

(Answer ALL questions. Marks indicated per question.)

21
(6marks)

(a) Using a ruler, a pencil, and a pair of compasses only, construct a triangle PQR in which PQ = 6 cm, PR = 5 cm, and QR = 4 cm. Drop a perpendicular from R to meet PQ at S. (5 marks)

(b) Measure RS. RS = _____ cm (1 mark)

22
(5marks)

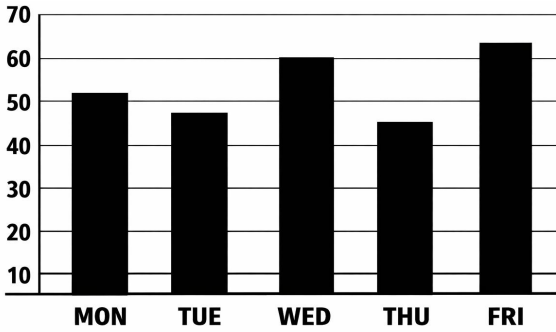

In a class of 100 pupils, 40 like Maths, 30 like English, 20 like both. How many like neither?

23
(4marks)

(a) Change 123_4 to base ten. (2 marks)

(b) Work out: $321_4 + 233_4 =$ (2 marks)

24 (4marks)	(a) Work out: $12.45 - 8.76 + 9.38 = \underline{\hspace{2cm}}$ (2 marks) (b) Work out: $6.7 \times 4.3 =$ (2 marks)
25 (6marks)	A trader has 500, £200, €150, and Ksh 20,000. 1 \$ = sh. 3,750, 1 £ = sh. 5,000, 1 € = sh. 4,500, 1 Ksh = sh. 32. How much in Uganda shillings?
26 (6marks)	(a) Construct triangle XYZ with XY = 7 cm, XZ = 6 cm, YZ = 5 cm. (5 marks) (b) Measure the height. (1 mark)
27 (5marks)	Find the prime factors of 108.
28 (5marks)	On a number line, mark -10, 5, and 12.

29 (5marks)	A lorry travels 390 km in $6\frac{1}{2}$ hours. Find its average speed.												
30 (5marks)	A rectangle is 15 cm long and 10 cm wide. Find its area.												
31 (5marks)	There are 96 oranges. $\frac{5}{8}$ are good. How many are rotten?												
32 (5marks)	A bar graph shows: Mon=50, Tue=45, Wed=55, Thu=40, Fri=60. Find the average.  <table border="1"> <thead> <tr> <th>Day</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>MON</td> <td>50</td> </tr> <tr> <td>TUE</td> <td>45</td> </tr> <tr> <td>WED</td> <td>55</td> </tr> <tr> <td>THU</td> <td>40</td> </tr> <tr> <td>FRI</td> <td>60</td> </tr> </tbody> </table>	Day	Value	MON	50	TUE	45	WED	55	THU	40	FRI	60
Day	Value												
MON	50												
TUE	45												
WED	55												
THU	40												
FRI	60
