.....
- 36. Which part of a bean seed grows in to shoot system after germination.
.....
- 37. Write down one use of the sun in the environment.
.....

SECTION B
(Questions 41 to 55 carry four marks each)

- 38. (a). What is first Aid?
.....
- (b). Name the container where first Aid equipment is kept.
.....
- (c). Give two reasons why we give first aid to casualties.
i.....
ii.....

The diagram below shows the natural process. Study and use it to answer questions that follow.

↑↑↑↑—Heat

39. (a). Which natural process is shown in the diagram above?

.....

(b). Name the processes taking place at:

A

B

(c). Give the role of cold water in the process above.

.....

40. (a). What is the role of humus in the soil?

.....

(b). Which component of soil is formed from from weathered rocks?

.....

(c). Write down two uses of water in the soil.

i.....

ii.....

41. Complete the table below correctly.

	Disease(s)	Cause(s)
(i)	Trachoma	
(ii)		Lack of proteins.
(iii)	Malaria	

(iv)		Lack of carbohydrates
------	-------	-----------------------

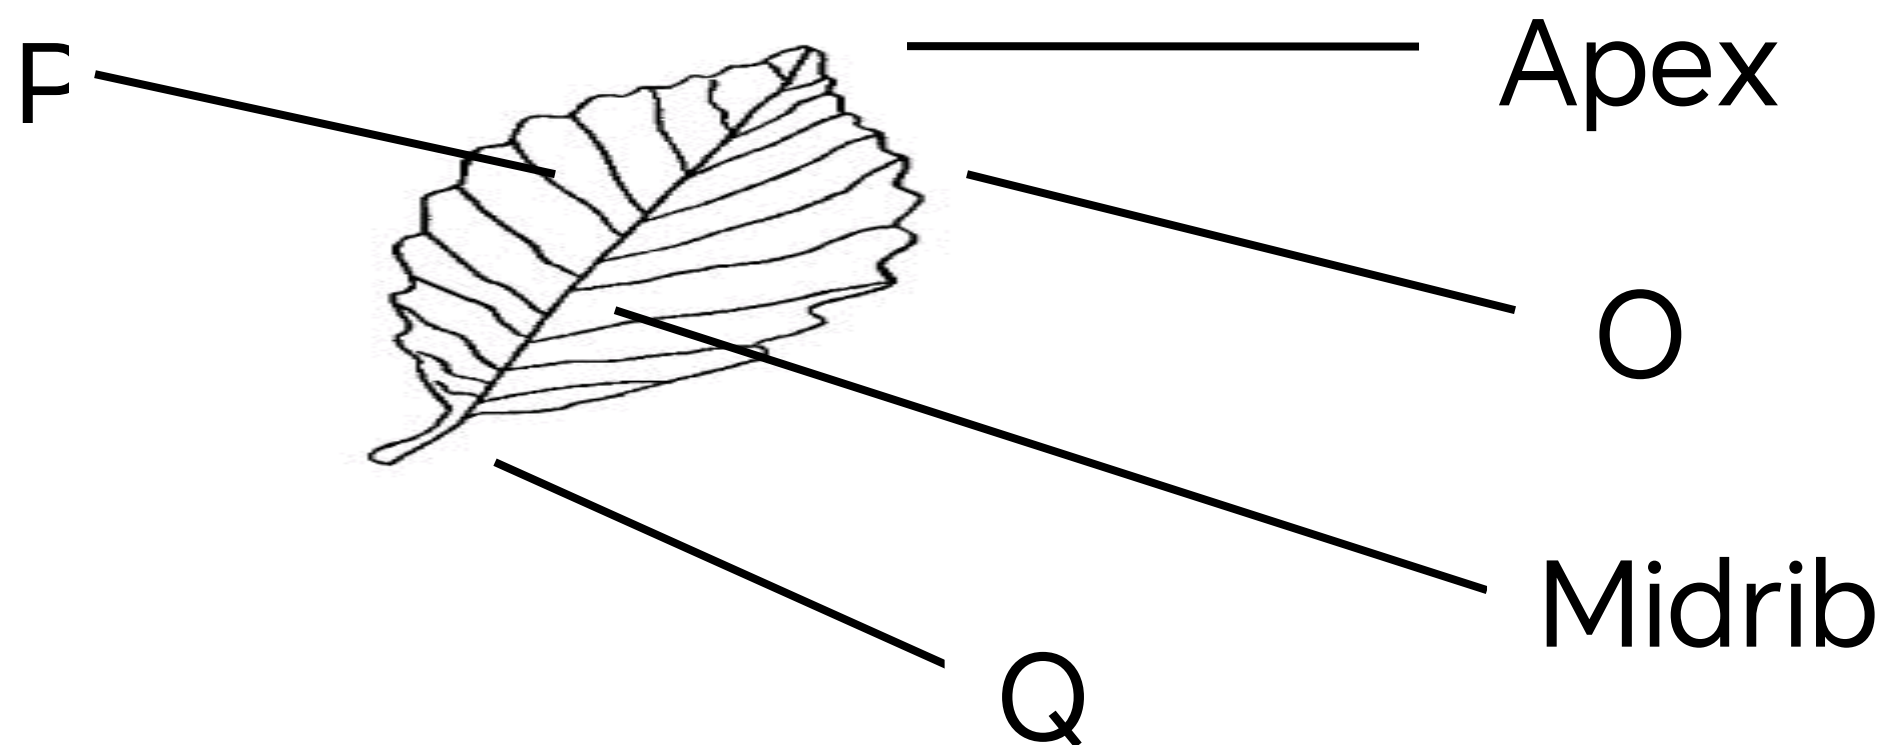

42. (a). Write down two examples of Grow food.

- i.....
- ii.....

(b). Give two classes of food which protect the body against diseases.

- i.....
- ii.....

The diagram below shows a plant leaf. Study and use it to answer questions that follow.

43. (a). Name the parts marked;

- O.....
- P.....
- Q.....

(b). What is the importance of stomata on a leaf?

.....

44. Write 4Fs in full.

- i.....
- ii.....
- iii.....

iv.....

45. (a). What is mulching?

.....

(b). Write two materials used for mulching.

i.....

ii.....

(c). Which component of soil is preserved by mulching?

.....

46. (a). Give two ways of saving energy at home.

i.....

ii.....

(b). Write down two forms of wood fuel used at home.

i.....

ii.....

47. (a). Why do wash hands before handling food?

.....

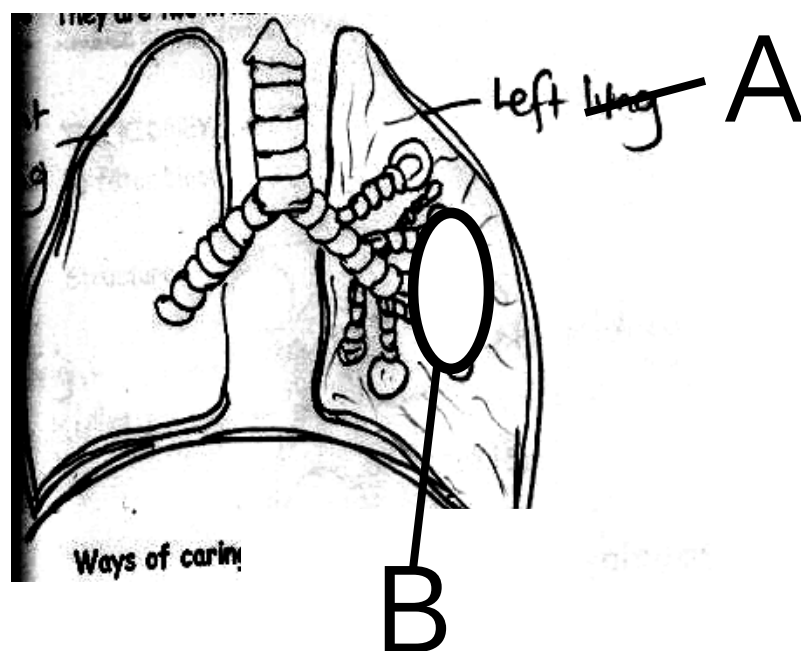

(b). Apart from washing hands, give three ways of preventing food contamination.

i.....

ii.....

iii.....

The diagram below shows a human body organs. Study and use it to answer questions that follow.

48. (a). Name the organs of the human body marked;

A

B

(b). Give the function of the organs marked A and B to the human body.

i. A.....

ii. B

49. Match parts of a flowering plant with their uses uses correctly.

	Part(s)	Use(s)
(i)	Flower	Grows into a branch.
(ii)	Stem	Helps plants to reproduce.
(iii)	Leaves	Holds the plant upright.
(iv)	Axillary bud	Make food for the plant.

(i). Flowers

(ii). Stem

(iii). Leaves

(iv). Axillary bud.

50. (a). Write down two ways of keeping beddings clean.

i.....

ii.....

(b). Give two reasons for ironing clothes and beddings.

i.....

ii.....

51. (a). Which instrument is used to measure the speed of wind?

.....

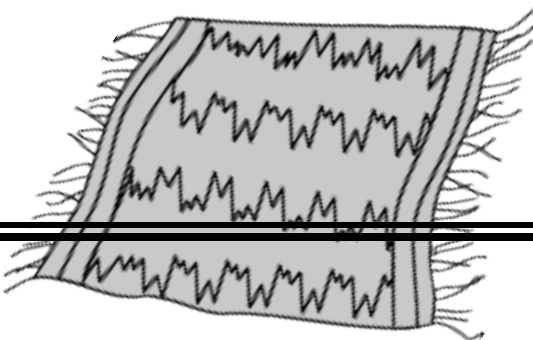

(b). What is the function of a stevenson screen at the weather?

.....

(c). Give two weather instruments kept in a Stevenson screen.

i..... ii.....

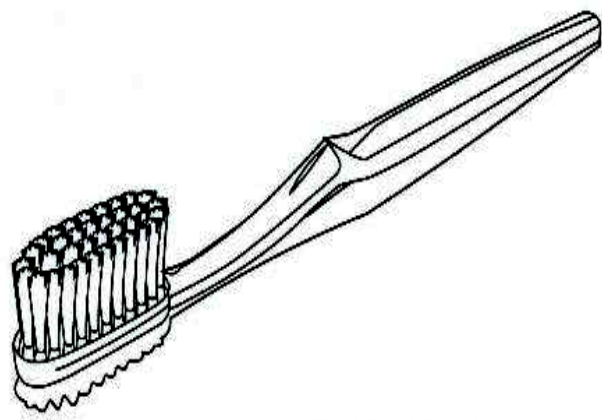

52. Name the materials used to clean the body in the table below.

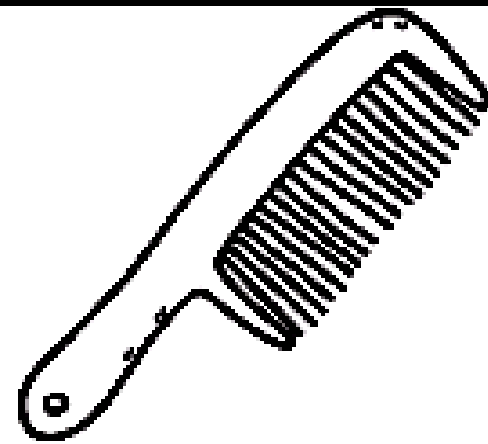

.....

.....

.....

.....

GOOD LUCK
