

Hi5 TOP CLASS NOTES

CONTENT

QUESTION: who is the president of Uganda?

IMPORTANT PLACES

- church
- mosque
- hospital/clinic
- school
- market
- airport
- road
- farm/garden
- home

1.CHURCH

A place of worship for Christians.
Christians go to church on Sunday

2. MOSQUE

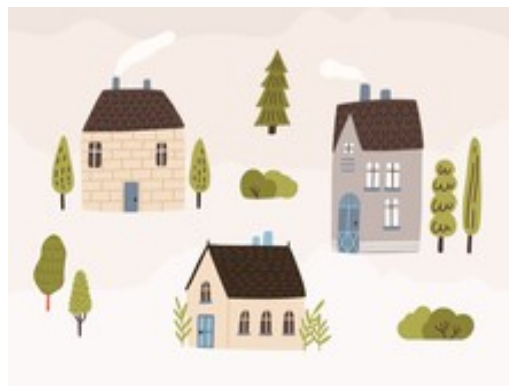

A place of worship for Muslims
Muslims go to the mosque on Friday

QUESTION: How many colours does the Uganda flag have, and what do they symbolize?

Topic: important places

1. HOME

A home is a place where we live with people who love and take care of us.

A simple rhyme about a home

This is my home

This is my home, my cozy home
Where I am safe and never alone
I eat and sleep
I laugh and play
With mother, father, sister and brother
Aunty or uncle
Grandmother or grand father
Home is love, home is care
It's the place where I belong.

New word

Cozy means comfortable.

People found at home

- Mother – the woman who gave birth to you or raised you.
- Father – the man who helped create you or raised you.
- Sister – a female sibling
- Brother – a male sibling
- Aunty – a sister to your parent
- Uncle – a brother to your parent

- Grandmother- your mom or dad's mother
- Grandfather-your mom or dad's father

Other people found at home may include;

- o Cousins-the child to your aunt or uncle
- o Niece- a daughter to your brother or sister
- o Nephew- a son to your brother or sister

ROLES OF THE PEOPLE FOUND AT HOME

i). MOTHER

Takes care of the children

Washes clothes

Cook food

ii). FATHER

Protects the home

Buys food

Pays school fees

iii). SISTER

Sweeps the compound

Mops the house

iv). BROTHER

TYPES OF HOUSES

1. BANGLOW

2. Flat

3. Hut

4. Igloo

ROOMS FOUND IN THE HOUSE

Sitting room- a room where we sit to relax and watch television

Dining room- room where we sit to have our meals from

Bedroom- these are the rooms where we sleep

Store room- this is where we keep things that are for later use

Kitchen- this is where we cook and serve food from

Bathroom- this is a room where we bath from.

Things found in the rooms above include;

SITTING ROOM; sofas, mats, coffee table, television, speakers or radio, TV stand, wall clock, family photographs, curtains.

DINING ROOM; dining table, cupboard or sideboard, plates, flask, chairs, curtains, glasses, fridge.

BEDROOM; bed, mosquito net, bedsheets, blanket, duvet, pillow, closet, curtains, carpet.

STOREROOM; food stuffs, storage cabins, important tools.

KITCHEN; forks, spoons, knives, plates, saucepans, charcoal stove, gas stove, mingling stick.

BATHROOM; basin, water, toothbrush, tooth paste, soap, towel, pant peg, showerhead, handwash basin, mirror.

BASIC NEEDS;

Basic needs are the important things that every person must have to live and stay healthy. In other- words ... these are things we can not live without. These include

- a) Water
- b) Food
- c) Shelter
- d) Clothes

QUESTION: Under which circumstances is a flag flown half-mast?

TOPIC: IMPORTANT PLACES

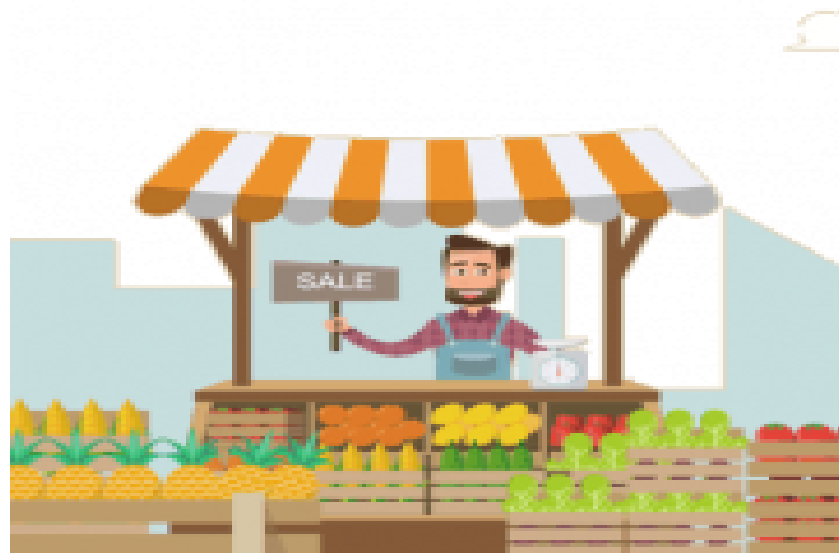

1. SCHOOL

A school is a place where we go to learn.

2. MARKET

A market is a busy public place where people go to sell and buy food stuffs and other things.

3. HOSPITAL / CLINIC

A hospital is bigger health centre where we go to get treatment most times for serious health issues.

A clinic is a small health centre most times near our homes where we go when we get less serious health issues.

Pharmacy or a drug shop is a place where different types of medicines are stocked and sold.

Things found in the hospital

- Surgical gloves
- Syringe
- Stethoscope
- Medicine
- Blood pressure cuff
- Thermometer
- The pulse oximeter
- Tongue depressor

Question: who is the minister of Education and sports?

TOPIC: IMPORTANT PLACES

1. FARM OR GARDEN

A farm is a big piece of land where farmers grow lots of food and keep animals.

A garden is a small place most times near home where we grow a few plants,
Vegetables or flowers.

Garden tools

These are tools that are used to work in garden.

These include;

- Hoe

- Watering can

- Rake

- Panga

TRAVELLING AND EXPLORING

Traveling – means moving from your home to another place.
This might be within your home country or outside the
Country. To achieve this there are different means of transport
We use to travel, these include;

- a) Road transport
- b) Water transport
- c) Air transport.
- d) Railway transport

1. ROAD TRANSPORT

Here we use vehicles, motor bikes, bicycles using roads.

There are two types of roads that is tarmac road and a mahram road

Road transport can either be private or public like in taxis, bus.

It can be used on short or long routes

A place where one can access many taxis going to different places is called a taxi park.

A bus park, is the place where buses going to different destinations are found.

One needs money to pay in order to use these means of transport, this is referred to as a taxi/ bus fare.

2. Water transport

This is when one needs to cross a water body to reach their destination and has to use the following means, ship, boat, yacht, canoe.

3. railway transport

This is when one uses a train to reach their destination.

There are different types of trains that are in use in different countries;

- ◇ Passenger train- carries people
- ◇ Cargo train- carries goods/ boxes
- ◇ Metro train- carries people inside the city. This is available in more developed countries.

Note; the engine is the head of the train, it pulls all the other carriages. Without it the train cannot move.

4. Air transport

It is the fastest way to travel far away.

One can use an aeroplane, a jet, helicopter.

The person who operates an aeroplane is called a pilot.

The place where airplanes take off and land is called an Airport. But also there are smaller places where smaller planes land and take off its called an airstrip.

Things and people found at the airport;

- ◇ Airplanes
- ◇ Runway–the long smooth road where the airplanes runs fast before it flies up or lands.
- ◇ Control tower– tall building with glasses, the person inside is the one that tells the pilot if they can take off.
- ◇ Waiting area– the big room with chairs where you sit and wait for the plane to be ready
- ◇ Arrival and departure board– the big screen that shows the flight schedule.
- ◇ Trolley– the small metal cart with wheels for carrying luggage .
- ◇ Conveyor belt– the moving belt where your suit case moves on to be checked

One must has a document called a passport, with a stamp known as a visa, a ticket and a boarding pass to use air transport.

What to do when one reaches the airport;

- ◇ Arrive at the airport. Being a child you should be with your parents if not, your parents must be aware.
- ◇ Show your ticket at the entrance. The security officer will check your ticket and your bag.
- ◇ Wait in the waiting area and listen attently so that you hear when they announce your flight.
- ◇ Get on the plane, walk through a small bridge into the airplane and find your seat.
- ◇ Ensure to fasten your seat belt and follow the instructions.
- ◇ Get ready to set off.

Question: When do we celebrate the independence of Uganda?

{a brief history is given to understand the meaning of independence}

TOPIC: NAMING AND CLASSIFYING THINGS IN THE ENVIRONMENT

1. ANIMALS

Animals are classified in different categories for example according to how they move, where they live, safety.

ANIMALS AND THEIR MOVEMENTS

Animals move differently and their movements can be termed as flying, crawling, walking and running, hop or jump, swimming.

ANIMAL	MOVEMENT
COW	WALKS
FROG	HOPS
FISH	SWIMS
BIRD	FLIES
SNAKE	CRAWLS
MONKEY	JUMPS
HORSE	RUNS

IMPORTANT TERMS TO CAPTURE

Domestic animals– these are animals found at home.

Wild animals– these are animals found in the bush or in the zoo. In most cases such animals are dangerous and can bring harm to us.

LESSON 2{WEEK III}

Question: Which title is given to the person who heads the Parliament of Uganda?

{basic explanation for the children to understand what a parliament is}

TOPIC: NAMING AND CLASSIFYING THINGS IN THE ENVIRONMENT

ANIMALS THAT LIVE UNDER WATER

- FISH

- FROG

- CROCODILE

- WHALE

- DOLPHIN

- OCTOPUS

- JELLYFISH

- STAR FISH

NOTE:

The learners are to be given basic oral notes on each of the new animals introduced in this lesson. Basically, what they need to know about each of the above. For example;

- Simple history of each
- If they can be eaten or not
- How dangerous they are
- Which parts of the world they are found?
- Important to note that they cannot survive on land.

WEEK IV

TOPIC: NAMING AND CLASSIFYING THINGS IN THE ENVIRONMENT.

Question: what is the Motto of Uganda?

A citizen of Uganda is known as a.....

ANIMALS THAT LIVE ON LAND

These are animals that live, eat and sleep on land and not in water.

These can be grouped in three(3) categories we know and some we see everyday.

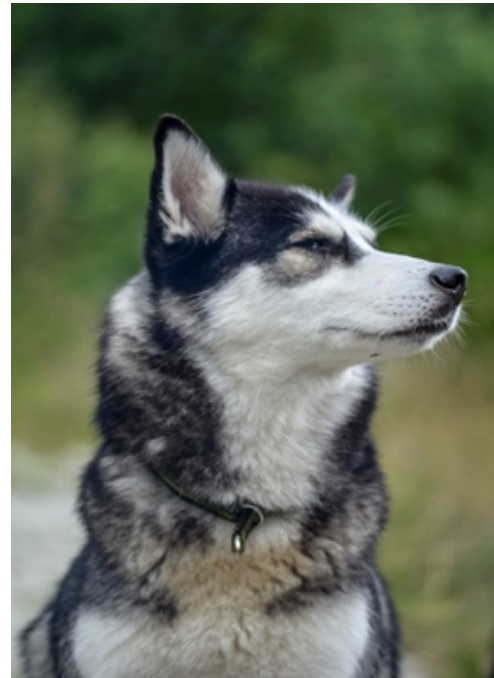

1. Domestic animals.

These are animals found at home, they include;

- Cow

- Dog

- Sheep

- Goat

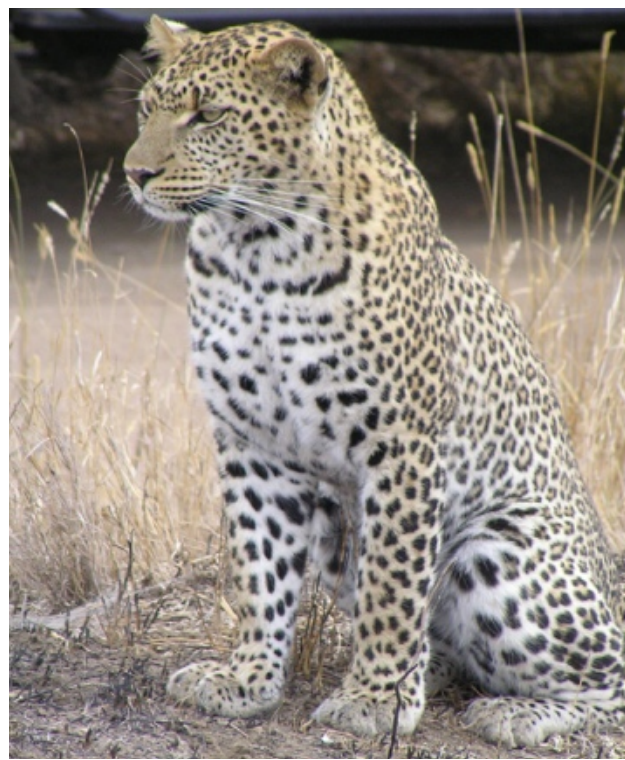

2. Wild animals

These are animals found in the bush or the zoo. We should always remember that most of these animals are dangerous to us. These include;

- Lion

- Leopard

- Snake

- Zebra

3. Small land animals

These are the tiny ones for example insects, worms. They either live on plants, grass or in soil.

- Ants

- Butterflies

- grasshoppers

- worms

SOIL

Soil is the top layer of the ground where plants grow. Its what we walk on, dig with a hoe and where seeds turn into food.

Soil is made up of broken rock, dry leaves, and dead plants mixed together.

Soil too is classified and these are some of the types of soil ;

- a) loam soil
this is the soil that supports plant growth. Best for farming.
- b) Clay soil
This is the type of soil used in pottery.
- c) Sandy soil
This is the soil used in house construction.

FOOD WE EAT

Food is anything we eat or drink to grow strong, play, and stay healthy. There are three(3) main types of food which include;

- ◇ Energy giving food- this food gives us energy to jump, run and learn. For example; posho, rice, cassava, bread.
- ◇ Body building food- helps our body and muscles to grow big and strong. For example, beans, meat, fish, eggs, milk, groundnuts.
- ◇ Protective foods- protects us from getting sick and makes our eyes and skin healthy. For example, vegetables, fruits.

VEGETABLES

There are different examples of vegetables which include;

- ◇ Cabbage

◇ Carrots

◇ Spinach

◇ Eggplants

◇ Tomatoes

◇ Broccoli

OUR FRUITS.

These are some of the fruits that are not commonly known;

◇ Kiwi

◇ Pear

◇ Starfruit

◇ Mulberry

◇ Strawberry
