SECTION B

51. Read the passage below and then answer, in full sentences, the questions that follow.

Namono is a ten-year-old primary six pupil at Busia Parents' Primary School. Every morning, she walks to school with her elder brother, Wanyama, who is in primary seven. Their journey to school is about two kilometres long along a busy road with many vehicles, including cars, motorcycles, and lorries.

Their mother, Zabeeti Nambi, is a traffic officer. Every morning she reminds them, "Always walk on the right-hand side. When crossing, do it at the zebra crossing, or stop at the edge of the road if there isn't a zebra crossing, and ask an elder to help you. Look right, look left, and look right again. If no vehicle is coming, walk straight across. Never run across the road because a speeding car may run over you."

One Monday morning, Namono and Wanyama reached a junction where they needed to cross. There was no zebra crossing nearby. Wanyama held his sister's hand tightly. They stopped at the edge. They looked right and saw a car approaching. They waited until it passed. They looked left and saw a motorcycle coming. They waited again. They looked right once more. The road was clear. They walked straight across without running.

When they reached school safely, Namono felt proud. She had followed all the road safety rules. During assembly, the head teacher announced that two pupils from another school had been knocked down by a motorcycle the previous day because they had crossed the road carelessly. Namono felt very proud again. She imagined what could have happened to her and Wanyama if they had not been careful.

On reaching home in the evening, she hugged her mother and thanked her for teaching them road safety rules. She narrated all that the head teacher had told them at school. From that day, Namono became more vigilant while on the road, and she became an ambassador of road safety at their school. She always teaches young pupils about road safety. She even started a road safety club, where pupils meet every Friday to discuss road safety tips. She always remembers what her mother used to tell them: the road is not a playground; it is where life and death meet.

52. Read the poem below and then answer, in full sentences, the questions that follow.

The time has come, the term is here.
To choose our leaders, loud and clear.
The posters hung on every wall,
"Vote for me!" they call to all.
The candidates stand up to speak
their voices strong, their words not weak.
"I'll keep our school both clean and neat
I'll make sure every class is sweet."
The voters queue in a single line.
To cast their votes at the right time.
They mark their ballot, fold with care.
And drop them in the box there.
When counting ends, the winners smile,
They'll serve the school for a long while.
The losers clap and say, "Well done!"
A friendly race is always fun.
