.....

The diagram below shows a certain mammal. Use it to answer the questions 38 and 39.

38.Name the part marked P.

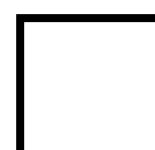

.....

39.State the way part P is useful to the young one of the above mammal.

.....

40.Mention the process of making alcohol that produces wine.

.....

SECTION B: 60 MARKS

Question 41 to 55, carry four marks each.

41.(a).Name the two groups of insects in the environment.

(i)

(ii)

(b). Mention any two uses of insects to plants.

(i)

(ii)

42.(a).Write down any two reasons of practising docking on the lamb.

(i)

(ii)

(b). Give any two diseases of sheep on the farm.

(i)

(ii)

43.(a). State the meaning of an accident.

.....

.....

(b). Give the cause of each form of accident below;

(i) Near drowning.....

.....

(ii) Fainting

.....

(iii) Burns

Turn over

44.The diagram below shows the formation of the common wood fuel used at home. Use it to answer the questions that follow.

(a) Name the wood fuel shown above.

.....

(b) Give any one activity involved in making the above fuel.

.....

(c) State the reason of covering the logs of wood with soil.

.....

(d) Mention any one danger of using above fuel in the environment.

.....

45. Sarah a candidate at Alfurqaan PS was given a ruler and small pieces of paper. She was requested to produce static electricity in the classroom. Explain the steps Sarah followed to produce the electricity for her fellows during the lesson? 4marks

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

Turn over

46.(a). Give the meaning of the term vegetative propagation.

.....

.....

(b) Mention any two natural methods of vegetative propagation.

(i)

(ii)

(c) Give one advantage of reducing roots of a sucker before planting it.

.....

47.(a). Mention any two energy resources got from water.

(i)

(ii)

b). Give any two ways of conserving water as an energy resource.

(i)

(ii)

.....
.....

(b). Give any one effect of taking alcohol to a person.

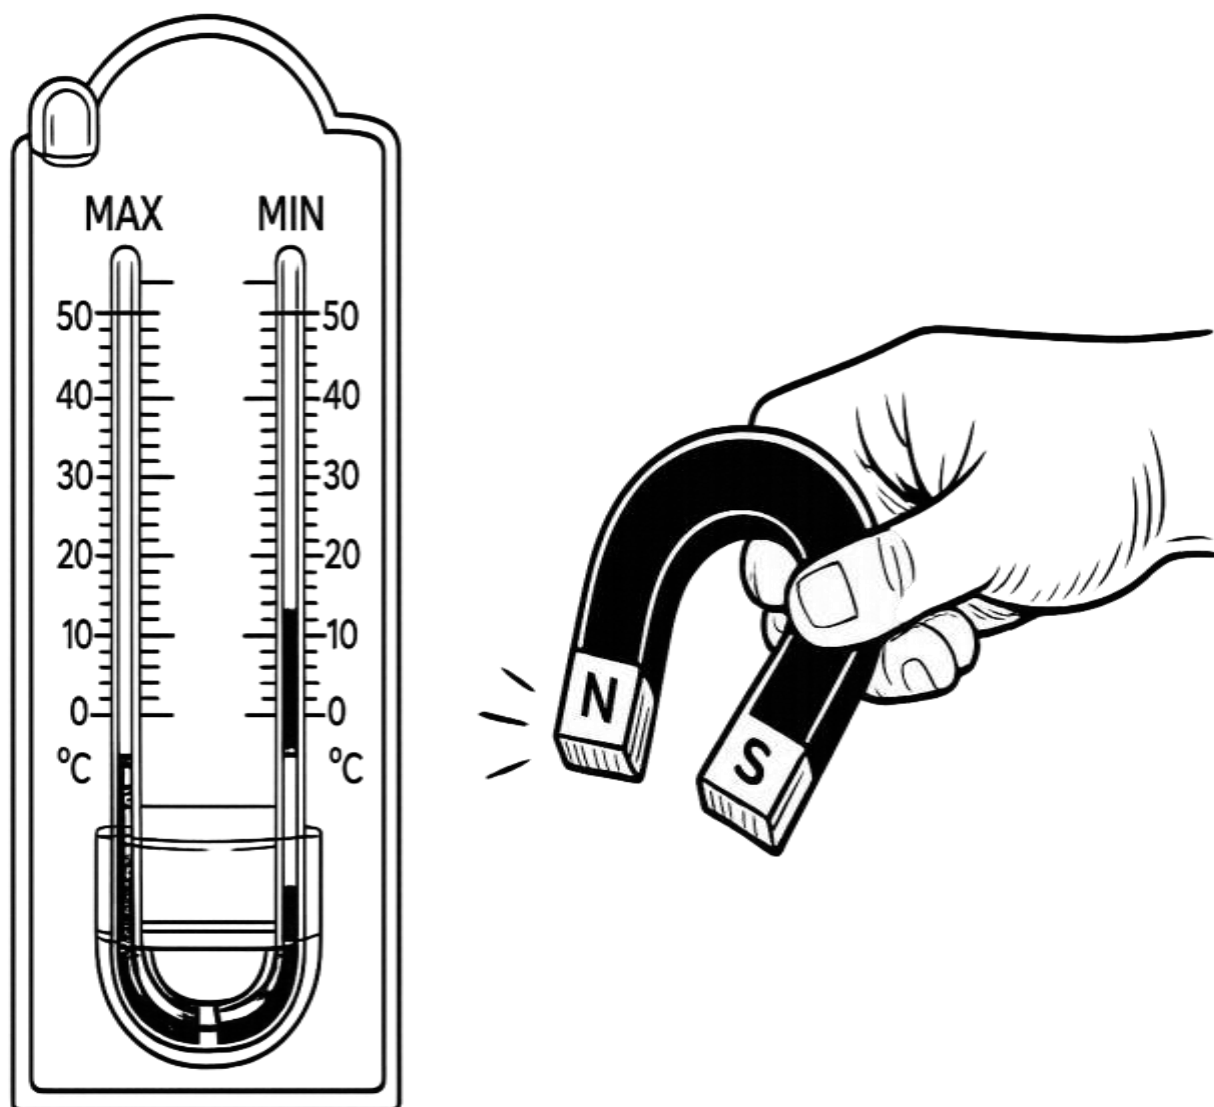

.....
.....

(c). Explain how alcoholism causes poverty to the family? (2marks)

.....
.....

Turn over

51.The diagram below shows the property of magnets. Use it to answer the questions that follow.

(a) Name the property of magnets shown above.

.....
.....

(b) Give any one group of people that uses the above property.

.....

(c) State any use of the above property to the named group above.

.....
.....

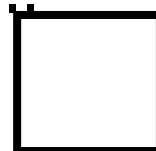

(d) Mention any one way of making the magnet fail to attract an iron.

.....

52.State the reason why the hutch is constructed with the following features;

- (i) Ventilated
.....
- (ii) Slanting floor
.....
- (iii) Strong roof
.....
- (iv) Raised above the ground
.....

53.(a). Give the meaning of the process water cycle.

.....
.....

(b). State the two physical processes that aid in the water cycle.

- (i)
- (ii)

(c). Give the role of the following in the water cycle;

- (i) Sun
.....
- (ii) Plants
.....

Turn over

54.Joan the nurse at Sajjabi Memorial PS uses the clinical thermometer to measure the temperature of patients at school. She measured Allan P.6 in the morning and recorded 35°C. When she measured him again after 2 hours, she recorded 40°C.

(a) Calculate the body temperature range. *(1mark)*

(b) Convert the new body temperature into Fahrenheit. *(3marks)*

55.(a). State any one reason of classifying a hoe as a simple machine.

.....
.....

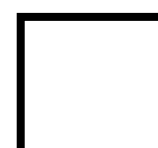

(b). Give any two ways a hoe simplifies man's work.

(i)

(ii)

(c).Mention the reason why the edge of the knife should be sharpened.

.....
.....

END
