39. State <u>one</u> reason why school children are advised to put on shoes when moving in dump places.

40. Give any <u>one</u> way in which termites benefit from living in the soil.

Section B (60 Marks)

41. (a) Name the element of PHC that is promoted by doing the following activities.
(i) ***Controlling the breeding of vectors.***

(ii) ***Providing a mosquito net and mama kit to pregnant woman.***

WARNING: Not to be reproduced electronically

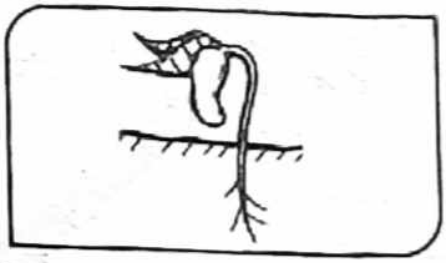

WARNING: Not to be reproduced electronically

(b) State any <u>two</u> ways in which the PHC programme promotes the health of people in the community.

(i)_____

(ii)_____

42. **<u>The diagram below shows a type of change in plants.Study and use it to answer the questions that follow.</u>**

(a) Name the type of change shown in the diagram above:

_____

(b) Give any <u>one</u> similarity between the **change** in the diagram above and rusting in the environment.

_____

_____

(c) State the reason why the radicle comes out first in the diagram above during germination.

_____

(d) Give <u>one</u> way in which germination is important to plants.

_____

43. (a) Name the weather instrument used to measure the amount of rainfall received in an area.

_____

(b) You are provided with the following materials; ***charcoal stove, kettle, bottle with cold water and a metallic mug***. Describe how you would use the materials to show how rain is formed. **(03 marks)**

_____

_____

_____

_____

_____

44. (a) State <u>one</u> indicator of egg eating among poultry.

_____

(b) Mention any <u>two</u> conditions that can lead to egg eating among poultry.

(i)_____

(ii)_____

(c) Explain how hanging green vegetables helps to control egg eating among poultry.

_____

_____

45. (a) Give any <u>one</u> factor considered when sitting a nursery bed.

(b) State <u>one</u> reason why some crops are first planted in a nursery bed.

(c) Mention <u>one</u> reason why transplanting seedling from the nursery bed is done in the evening.

(d) Apart from transplanting, mention any <u>one</u> other activity done in the evening.

46. **<u>The diagram below shows a vulnerable person. Use it to answer questions that follow.</u>**

(a) Identify the vulnerable group of people shown above.

(b) Give <u>one</u> reason why the above person is fed on the following food stuffs.
(i) ***proteins***

(ii) ***carbohydrates***

(c) State any <u>one</u> way of caring for the group shown above.

47. **<u>The table below shows different terms used in measurements in list A and their meaning in list B.</u>** Match the term is List A and their meaning in list B.

List A	List B
Volume	*mass per unit volume*
Mass	*force of gravity acting on an object*
Density	*space occupied by an object.*
Weight	*quantity of matter contained in an object.*

(a) **Volume:**

(b) **Mass:**

(c) **Density:**

(d) **Weight:**

48. (a) **Apart from castration**, state any **two** other management practices done on a goat farm.

(i) _____

(ii) _____

(b) Give any **two** advantages of castration to a goat farmer.

(i) _____

(ii) _____

49. (a) **Apart from snake bites**, mention any **one** accident that can take place along the way.

_____

(b) State **one** first aid you can give to a casualty with a snake bite.

_____

(c) Give any **two** ways of preventing snake bites at home.

(i) _____

(ii) _____

50. **The diagram below shows a home. Use it to answer questions that follow.**

(a) State any **two** indicators of poor sanitation in the home shown above.

(i) _____

(ii) _____

(b) Give any **one** disease the family members in the above home are likely to suffer from.

_____

(c) Identify any **one** way of improving sanitation of the above home.

_____

51. (a) Mention any **one** product got from bees wax.

_____

(b) **Apart from beeswax**, mention any **one** other product got from bees.

_____

(c) State **one** importance of bees to the following people.

(i) *Crop farmer*

_____

_____

(ii) *Doctors*

_____

_____
